Version as of 14 September 2026

Royal Agricultural Society of NSW

Thank you from the President

On behalf of the Council of the Royal Agricultural Society of NSW (RAS), I want to extend heartfelt thanks to everyone who took part in this year's Wine, Beer & Cider, Distilled Spirits, Cheese & Dairy Produce, and Fine Food competitions. Your passion, craft and dedication truly embody the spirit of Australian agriculture and food production and are at the heart of everything we do.

Since 1822, the RAS has been driven by a simple but powerful purpose: to ignite a shared pride in Australia's agricultural excellence and inspire continuous improvement in Australian produce. That vision lives on through our competitions, which not only celebrate quality and innovation but also shape the future of our industries. Your entries, expertise and commitment help set the standard for what's possible.

A special thank you goes to our Judges, Officials, Stewards, and all volunteers, whose generosity and professionalism ensure the integrity and success of every event. And to our industry experts and our staff – your energy, enthusiasm and attention to detail bring these competitions to life. We couldn't do it without you.

Thank you for your participation and for the passion you bring to your craft. As we celebrate another year of Australian agricultural achievement, I hope your Sydney Royal experience was memorable. We'd be delighted to see you again next year.

A handwritten signature in black ink, reading "John C. Bennett".

Where excellence tells its story

20th President's Medal

Each year, a few remarkable Australian food and beverage producers take the next step in their Sydney Royal journey. The Royal Agricultural Society of NSW President's Medal recognises Champion producers whose dedication shines through every part of their business – demonstrating integrity, care and innovation in the way they produce, grow and give back.

Becoming a finalist is an opportunity to share your story – the people, values and vision behind your success – and to be recognised among producers helping shape a more sustainable, connected future for Australian food and agriculture.

It's much more than an award. It's acknowledgement of the passion and purpose that define your business, and a chance to open new doors through trusted recognition and genuine celebration.

When your product has earned Sydney Royal Champion status, now is your moment to showcase the story behind it and what makes your enterprise truly stand out.

Ready to share the story behind your success?

Sydney Royal Fine Food Winners Highlight Emerging Industry Trends

Tuesday, 15 September 2026.

Australia's finest food products were in the spotlight this evening as the Royal Agricultural Society of NSW announced the Champion Award winners of the Sydney Royal Fine Food Show.

More than 1300 products from across the country were assessed over a 5-week judging period, spanning seven competitions: aquaculture, branded meat, oil & olives, pasta, professional bakery, smallgoods & charcuterie, & specialty foods.

This year's competition recognised 40 Champion Award winners and awarded more than 1000 medals. With 26% of entries achieving gold medal status, up from 20% last year, the results reflect the exceptional quality of Australia's food industry.

"The quality of entries this year was outstanding, showcasing the innovation, craftsmanship, and technical excellence that continues to define Australia's fine food industry," said Michael Bullen, Chair of the Fine Food Committee.

"The competition continues to grow in line with industry developments, and consumers and chefs alike can look to the Sydney Royal competitions for an insight into the emerging trends shaping Australia's food industry. Key to this is the rigour and quality of the judging process where the highest standards and independence are maintained."

Lifestyle food products continue to gain momentum, building on growth seen in recent years. Professional Bakery's newly introduced gluten-free classes produced outstanding results, with Wholegreen Bakery's Vegan Gluten-Free Plain Sourdough and ISEO Patisserie's Vegan Gluten-Free Banana Cake going on to win the overall Champion Bread and Champion Cake awards respectively.

"The introduction of dedicated gluten free classes this year was a direct response to growing interest in the category, and the results exceeded expectations. Feedback from chefs has been overwhelmingly positive, with the new classes providing an independent benchmark for identifying high-quality gluten-free products," said Bullen.

In the Specialty Foods competition, Australian native ingredients were a notable trend this year, reflecting their growing presence in Australia's food industry. Ingredients such as lemon myrtle, wattleseed, davidson plum and lilly pilly appeared across categories from preserves to confectionery, with Ziggy's Wildfoods earning Champion Sweet Preserve in its debut show for its Wild Lilly Pilly, Strawberry & Gin Botanical Jam.

MEDIA RELEASE

This year saw a resurgence of traditional products such as beef tallow, with eight entries highlighting renewed interest in a previously niche category. At the same time, producers pushed boundaries with creative twists on classic favourites including eucalypt fudge, popcorn buttercream and sourdough marble cake.

“The diversity of products on display this year was particularly impressive. Alongside a number of innovative entries, we also saw ingredients such as macadamia and walnut flour appear in the competition for the first time, while Australia's first sesame oil producer was recognised with both a gold and silver medal.”

Branded Meat was the strongest performing competition this year with 99% of entries awarded a medal, and almost 40% gold. Stockyard Beef claimed the Dick Stone Perpetual Trophy for the Grand Champion Branded Meat Exhibit for the 3rd consecutive year, with their Stockyard Black, while first-time entrants Capra Meats took home the inaugural trophy for Champion Specialty Meat for their Halal Goat Meat.

The Oil & Olives competition saw Gooramadda Olives defend their title for Champion Table Olives for an impressive sixth consecutive year, while fellow producer Alto Olives was one of only two producers to receive two champion awards, winning Champion Boutique Extra Virgin Olive Oil and Champion Blended Extra Virgin Oil - Commercial Volume.

The second exhibitor to achieve this feat was Sunshine Meats in the Smallgoods & Charcuterie competition, awarded Champion Ham for their Double Smoked Bone-In Ham, and Champion Chorizo for their Duck Chorizo.

All products entered into the Sydney Royal competitions must be made from at least 85% Australian ingredients, with the aim of celebrating Australian produce and agriculture.

AQUACULTURE CLASSES

CLASS 3 - Oysters, other than Sydney Rock Oysters (i.e., Pacific, Angasi)

JUDGES' COMMENTS: The entries reflected the diversity of farming strategies employed in the Pacific oyster industry. Across all entries the presentation was excellent. Seasonality had a significant impact on a number of entries and affected condition and flavour profiles.

- | | | |
|----------|----------|---|
| G | 2 | PRISTINE OYSTER FARM, <i>PRISTINE OYSTER FARM PREMIUM</i> (Produced by PRISTINE OYSTER FARM) 91.83 |

CLASS 4 - Smoked/Cured Farmed Salmon/Trout. Hot or Cold Smoked (e.g. salmon, ocean trout, rainbow trout, etc.)

JUDGES' COMMENTS: Excellent entries displaying quality presentation and high level of technical skill.

- | | | |
|----------|----------|--|
| G | 6 | BY KAI, <i>BY KAI HOT SMOKED RAINBOW TROUT</i> (Produced by BY KAI) 93.33 |
| B | 7 | DEANO'S SMOKED TROUT PTY LTD, <i>TRADITIONAL WOOD SMOKED TROUT FILLET</i> (Produced by DEANO'S SMOKED TROUT PTY LTD) 79 |

CLASS 5 - Smoked/Cured Other Farmed Aquaculture Products (e.g. Hot or Cold Smoked other than Salmon/Trout, includes Mullet, Mackerel, Mussels, Oysters, Roe, Eel, other).

JUDGES' COMMENTS: The Judges would like to acknowledge the commitment and enthusiasm shown by exhibitors in this technically demanding category. Across the Class, the greatest opportunity lies in better integration between the quality of the raw material, curing, seasoning and smoke. In several entries, the smoke or production process overshadowed the natural flavour and texture of the seafood.

CLASS 4 - Grain Fed Beef

JUDGES' COMMENTS: What an absolute masterclass in beef produce. A big congratulations to the primary producers for supplying such a high quality standard beef. There was a high level of flavour across all entries. With a step up from previous years in tenderness and definite improvement in fat distribution on the raw product. The quality of product being entered is of a world class standard. It was an honour to sample the best beef produce in Australia.

CLASS 5 - Open Beef. High Marble Score 6+, Mix of Feeds, Mix of Breeds, Wagyu, Dry Aged

JUDGES' COMMENTS: The standard of the open category was again very high as expected, with all entries gaining medals consistent with their quality. The beef had very consistent and evenly distributed IMF across all entries with flavour being the standout attribute. We felt all the beef was well-presented from the bag with trimming and fat cover a standout. Well done to all entries on producing - from paddock to plate, what is without doubt to envy of the beef world. The Australian beef industry is in good hands!

POULTRY

CLASS 6 - Small Poultry

JUDGES' COMMENTS: It was a Class with well presented Exhibits throughout. The better entries displayed excellent confirmation, clean and unblemished skin, good fat covering and consistent presentation. Minor faults include uneven skin finish and slight bruising. Cooked samples were generally tender, juicy and full of flavour. Overall, the medal winning exhibits were of an excellent standard and demonstrated superior quality.

SPECIALTY MEATS

CLASS 7 - Specialty Meats. Goat and Venison only.

JUDGES' COMMENTS: The exhibits in the Specialty Meats category have demonstrated excellence in their entries. The Judges were impressed in the quality presented, showcasing specialty meats featuring goat and venison as great options for consumers seeking an alternative to other proteins. Well done.

PROFESSIONAL BAKERY CLASSES

BREAD

CLASS 1 - Traditional Bread, including White, Grain, Wholemeal & Rye

JUDGES' COMMENTS: Every entry in this Class was of a great medal winning performance. The fact that every entry was of this high standard bodes well for the consumers purchasing bread from these entrants.

CAKE**CLASS 5 - Small Cakes (e.g., muffins, cupcakes, donuts, lamingtons, etc.)**

JUDGES' COMMENTS: A broad spectrum Class taking in cupcakes and doughnuts. As a Class, we welcomed real ingredients and flavours that were authentic. Overall, consistency between products was very good and it was nice to see some gluten free products in the mix, especially at such a high standard. We would encourage exhibitors to take portion size into consideration. These are expensive times and so creating products that are the right size and portion will help with business sustainability.

CLASS 7 - Unbaked Cakes (e.g. mousse cake, non-baked cheesecake, etc.)

No Entries

CLASS 8 - Sweet Breads (e.g., banana bread, fruit log, date loaf, etc.)

JUDGES' COMMENTS: A very small Class, only one exhibit. We would welcome Exhibitors to submit in future years

- 108** BURLEIGH BAKER, *SOURDOUGH BANANA BREAD* (Produced by BURLEIGH BAKER) **72.33**

CLASS 9 - Christmas Cake & Puddings

JUDGES' COMMENTS: A great Class full of a variety of shapes and sizes, exciting ingredients and powerful flavours. The ability to create a robustly dense, moist and flavourful Christmas pudding that has a differentiating quality that stands out from the crowd is a hard task, and we had multiple great examples. The standout performance this year were Christmas puddings with chocolate; thoroughly impressive on every level.

SMALLGOODS & CHARCUTERIE CLASSES

CLASS 1 - Bacon. Middle product, bone in or boneless, full or partial, rind on or rindless, cured or smoked, with or without added nitrate/nitrite

JUDGES' COMMENTS: A very strong Class overall with a good number of medals awarded. The leading exhibits showed excellent presentation, colour, flavour, texture and a good balance of smoke and cure. Some variation was evident across the Class, particularly in salt levels, cure consistency and colour, with a few products showing dryness or oxidation. Overall, a good representation of quality bacon with top entry demonstrating a very high standard.

CLASS 3 - Fermented Salami Type Products. Including Biersticks/Beer Sticks (e.g. Danish, Milano, Hungarian, etc.)

JUDGES' COMMENTS: A very well presented Class displaying a good range of fermented styles and flavour profiles. Overall, the standard of flavour was high with entries showing good balance of spice, sweetness and seasoning together with pleasing texture and firm. The main areas preventing some entries from achieving high awards were workmanship and visual presentation. Uneven fat distribution, fat smearing, sinew, slight oxidation, case hardening and inconsistent colour were evident in several products. The leading entries demonstrate excellent flavour balance, good texture, attractive colour and presentation and were true to their product description. Overall, a competitive Class with some excellent products and high standard fibre.

CLASS 4 - Dried or Cured Products (e.g. Bresaola, Prosciutto, Coppa, Basturma, Pancetta, etc.)

JUDGES' COMMENTS: The category shows a generally strong standard of presentation, workmanship, flavour development and texture, with several products demonstrating good curing, attractive colour, consistent appearance and appealing mouthfeel. Stronger products showed well-balanced seasoning, clear meat character, good fat distribution and, in some cases, excellent air-dried texture and a pleasant melt-in-the-mouth experience. Some products were slightly mild and would benefit from greater flavour depth and complexity, while others had seasoning or chilli levels that were strong enough to mask the natural meat character. Consistency was also variable in some products, particularly around colour, curing, forming and fat distribution, with occasional dark edges and uneven appearance noted. Overall, the category is well performing, with good technical execution and generally positive sensory characteristics. Further refinement of flavour intensity, seasoning balance and consistency would help elevate the category and create a more distinctive and polished finished product.

CLASS 5 - Jerky

JUDGES' COMMENTS: Jerky was generally of a high standard with nine golds. Several innovative products with experimental flavour profiles did well. Overall, visual and texture was very good. Some entries were let down by flat, undeveloped flavours and some others with an overpowering flavour that masked all others.

- CLASS 6 - Droëwors and Biltong**
JUDGES' COMMENTS: Overall standard of products were probably a bit below standard. There were a couple of exhibitors that stood out with great products, with worthy gold & silver results. Producers should potentially think about limiting their number of entries so they can put their best forward, and we encourage producers to take initiative to be more innovative on their product development and entry selection.

- CLASS 7 - Fully Cooked Products (e.g. Roast Beef, Roast Pork, Corned Beef, Pastrami, Meatloaf, etc.)**
JUDGES' COMMENTS: The products demonstrated variable levels of presentation, workmanship, flavour development and consistency. Stronger samples were well presented, true to description, and had balanced flavour, good texture, and clear commercial appeal. Weaker samples showed inconsistent forming, pale or uneven colour and limited visual appeal. The category would benefit from greater consistency in workmanship and forming, improved visual presentation, stronger and more defined flavour profiles, better control of fat and texture, and closer alignment between the product description and the delivered sensory experience. Flavour was a key area for improvement with several products described as flat or mild, while others had undesirable chemical, bitter or overpowering aftertastes. There is also an opportunity for some products to be more distinctive and commercially appealing through bolder, better-balanced flavour development.

- CLASS 8 - General Smallgoods (e.g. Kransky, Frankfurt, Salami, Black Pudding, Mortadella, Brawn, etc.)**
JUDGES' COMMENTS: Overall, a good range of products closely related. The range of products was less than past years, indicating the changes in preferences of consumers. We would like to see more mainstream products, and from more exhibitors to encourage the growth of the industry.

CLASS 10 - Chorizo. Fermented, semi-fermented, semi-dried, cured, smoked, full or partially cooked.

JUDGES' COMMENTS: Overall, the chorizo range demonstrates a good balance of flavour and seasoning, with some products delivering a particularly well-rounded flavour profile and an enjoyable level of spice. The best-performing products have a harmonious combination of flavour, seasoning, and overall sensory appeal, with the spice level enhancing rather than overpowering the natural chorizo flavour. However, there are some noticeable inconsistencies across the range. Some products exhibit an irregular or pear-shaped appearance, texture that can be stringy, chewy, and tough, and other samples present an overly acidic flavour, affecting overall flavour balance and eating quality. Overall, the category has strong potential, with well-rounded flavour and well-balanced spice being key strengths. Greater consistency in product shape, thickness, colour, texture, and flavour balance would help improve overall quality and deliver a more consistent eating experience across the chorizo range.

CLASS 11 - Fresh Sausages. Any meat species, uncooked. Fresh Chorizo is accepted

JUDGES' COMMENTS: Overall, the sausage category demonstrates a good range of products with some strong flavour balance, seasoning, texture, and overall eating quality. The best performing products have an even colour, good texture, attractive appearance, and well-rounded, balanced flavours. Well-controlled seasoning and an appropriate level of spice contribute positively to the overall flavour profile. However, there are some inconsistencies across the category. Some products exhibit uneven thickness and colour, irregular shapes, and textures that can be stringy, chewy, tough, or slightly oily. Some products lack the expected distinctive sausage or chorizo character, while others have weak smoke or pepper notes. In some samples, noticeable sour or acidic flavours create an imbalance and detract from the desired flavour profile. Overall, the category has good potential, with several products demonstrating strong flavour, seasoning, and sensory appeal. Greater consistency in thickness, colour, shape, and texture, together with a stronger and more distinctive sausage flavour and improved control of acidic or sour notes, would help deliver a more consistent and higher-quality eating experience.

- CLASS 2 - Savoury Preserves and Condiments (e.g. chutney, tapenade, mustards, mayonnaise horseradish, relishes, salsa, chilli preserves, etc.)**
JUDGES' COMMENTS: A really diverse Class covering so many food styles. Whilst it can be difficult to judge such diversity it's equally as rewarding. In general, those products that clearly displayed the hero ingredient at its best, without confusion, were well rewarded. A long list of ingredients doesn't always make a better product, some of the best products were simple styles but executed flawlessly. We were wary of the use of some token ingredients that were there for naming rather than for added flavour. If it's on the label it really should be displayed on the palate or on the nose. Some categories were over-salted, especially tomato chutneys, others lacked salt. Be mindful of seasoning as it can make or break a product. There were also a number of products that were packaged in a way that made them very difficult to dispense, some hot sauce flow rates couldn't be controlled, some mayonnaise couldn't be removed from the bottle and should be in a jar. But all in all, a joy to judge with a high rate of awards given.

CLASS 3 - Savoury Dressings and Sauces (e.g. marinades, salad dressings, savoury pastes, curry pastes, wet rubs, pesto, pasta sauce, jus, etc.)

JUDGES' COMMENTS: An enormous array of varied and exciting products showing thought and innovation. Chilli is definitely an area for growth, and this year, many products were both high quality and interesting. From pineapple and cherry to smoke and herbs, the category included many other exciting sauces and marinades.

CLASS 4 - Herbs, Spices and Salts (e.g. spice mixes, dry rubs, Australian grown culinary herbs and spices - lemon myrtle, vanilla, saffron, pepper, dukkah, garlic, truffle, etc.)

JUDGES' COMMENTS: An extremely high standard in this year's entries. Wonderful to see some innovative products and nice development outside the box of usual ingredients. It was also great to see some Australian bush herbs and spices being used and becoming more the norm. While some products were outstanding, some needed more attention to blending to enhance the finished produce. Understanding these are bases to be added to other ingredients/menu items, some of the products listed as a finishing product we thought were a little intense and would overpower the item rather than enhance the finished dish.

CLASS 5 - Pickled/Marinated/Fermented/Dried and Preserved Products (e.g. fruit, vegetables, pickled onions, figs, dried mushrooms, tomatoes, miso, garnishing pearls, kimchi, non-meat jerky products, etc.)

JUDGES' COMMENTS: A hugely variable Class with an incredible array of products. Sweet and savoury were both represented to an incredibly high standard. Fermented products were exceptional, the sauerkrauts and kimchi with crunchy texture and good balance of flavours performed well. Miso was especially excellent, great umami and ingredient innovation. Exceptionally fresh and delicious dried fruits, with exotic variety. Texturally these were excellent. We'd encourage good descriptions for usage and application.

CLASS 6 - Vinegars (e.g., caramelised, maceration including raspberry or tarragon, from any fruit, vegetable or grain, etc.)

JUDGES' COMMENTS: Fewer of the sticky caramelised vinegars than usual, replaced with a surge of entries in the naturally fermented styles. Many more dry vinegars and most were excellent. There is a clear improvement in vinegar making skill in Australia. Very few technical faults in all styles. Plethora of garlic infused entries, the better ones had generous garlic but some interesting fusions with other ingredients were judged. Some marriages were more successful than others. The top award went to a barrel fermented vinegar that shows a level of skill in production that produced a vinegar that could easily stand up to the best of this style in the world. Wonderful to see.

CLASS 8 - Nuts (e.g. raw, roasted, plain, salted and savoury, etc.)

JUDGES' COMMENTS: The exhibits presented were a smaller Class this year. There were some great ideas with carefully crafted finishes. It would be good to see more exhibited and more variation. Overall, nicely presented.

CLASS 9 - Confectionery & Chocolate (e.g. peanut brittle, chocolate coated macadamias, sugar coated almonds, nougat, rocky road, fudge, fairy floss, liquorice, marshmallow, etc.)

JUDGES' COMMENTS: A really outstanding array of products with some innovative ideas that we look forward to seeing more in the future after refinement. We were excited by the bean to bar chocolate making. Some really interesting flavours in the fudges, marshmallow and fairy floss with the use of Australian native ingredients.

CLASS 10 - Drinks (e.g. cold pressed juice, cordial, concentrate, tea, kombucha, nut and cereal drinks including almond, soy, oat)

JUDGES' COMMENTS: There were extremely varied entrants in the competition. There were some thoughtful and innovative ideas submitted that will ensure the future of fermented foods, varying cereal drinks and coffee based products. Exhibitors should take note that products using natural ingredients have fared very well in comparison to products using artificial ingredients and sugars.

CLASS 14 - Coffee – 100% Australian Grown - Piccolo. 100% Single Origin Australian grown from one or more Australian Estate

JUDGES' COMMENTS: A diverse range of flavour profiles which was great to see for Australian grown coffee. Roast levels generally suited extraction method, however lack of roast development failed to cut through the milk. More attention needs to be taken in the roast profile to ensure good body, sweetness and balance.

JUDGES' COMMENTS: This category showed a diverse range of roast profiles, a compliment to the growers and roasters. Several exhibits displayed taints. Some under-roasted exhibits had sour, nutty attributes but lacked that rich sweet lengthy espresso finish.

PASTA CLASSES

CLASS 1 - Fresh Pasta

JUDGES' COMMENTS: The quality of fresh pasta entries were generally of a very high standard where nine entries scored a gold medal from 18 in the Class. The ingredients, processing and products are a credit to the workmanship of the makers. The judges felt that cooking times were possibly suboptimal in a few cases, which could have disadvantaged some excellent pastas. We would really appreciate an accurate guide to the optimal cooking times when entering products. The cooks really try to achieve the best cooked result but various shapes and sizes of pastas can prove a challenge.

CLASS 2 - Dried Pasta

JUDGES' COMMENTS: Dried pasta was a strong category all round. So nice to see a variety of unusual shapes being presented for judging. The production quality and drying of the pasta was a standout across the board. The cooking times are an important part of the process and could do with some refinement.

CLASS 3 - Filled Pasta

JUDGES' COMMENTS: We had very competitive entries this year. The high quality of ingredients reflected in the point of difference in taste and texture, and regardless of whether it was commercial or artisan, the consistency of delivery across the Class was very evident. There were some innovative products and the flavour constructs were very thoughtful, and the consumer can be very confident in our medals when they hit the market. The level rises every year, which matches the increased consumer expectations of the modern diner Bon Appetite!

CLASS 4 - Gnocchi Pasta

JUDGES' COMMENTS: What a great innovative category this year. So nice to see producers pushing the boundaries on flavour profiles. Lovely to see some excellent fresh Australian produce being integrated into the fillings. It would be nice to see more traditional gnocchis entering, to showcase the great workmanship in this category.
