Royal Agricultural Society of NSW

## From the President

On behalf of the Royal Agricultural Society of NSW (RAS), I extend my heartfelt gratitude to everyone who participated in this year's Wine, Beer & Cider, Distilled Spirits, Cheese & Dairy Produce, and Fine Food competitions. Your dedication and excellence are the cornerstones of our mission to foster a prosperous and sustainable future for Australian agriculture.

Rooted in the vision set forth in the Society's original 1822 Prospectus, our mission is to implant a public spirit of agricultural improvement within the hearts of all. This mission is brought to life through our competitions, which drive innovation and set industry benchmarks for quality and excellence. Your participation not only elevates the standards of produce but also inspires the entire agricultural community.

We are deeply grateful to our Judges, Officials, Stewards, and all volunteers who generously contribute their time and expertise. Their commitment ensures the integrity and success of our competitions. To our RAS Councillors, Committee Chairs, and RAS staff, your meticulous efforts in curating these events are what makes them tick.

I am proud to work alongside such a dedicated team and community. Together, we celebrate and propel Australian agricultural excellence. I trust that you enjoyed your Sydney Royal experience and encourage you to join us again next year.

A handwritten signature in black ink, reading 'John C. Bennett'.

John C. Bennett, OAM  
President, Royal Agricultural Society of NSW

## From jalapeño candy to beef chill cheesesteak sausages, meet the Australian producers celebrated at this year's Sydney Royal Fine Food Awards.

Producers from across the nation have been put in the spotlight tonight with the Royal Agricultural Society of NSW (RAS) announcing the champion winners of its prestigious Sydney Royal Fine Food Show.

Judged throughout the month of August, 1,657 entries were assessed across 72 classes and seven unique competitions: Aquaculture, Branded Meats, Oils & Olives, Professional Bakery, Pasta, Smallgoods & Charcuterie, and Specialty Foods.

Over 81 hours of judging were conducted with the help of 110 expert judges, and tonight, thirty-seven champion medals were awarded.

"Tonight was a fantastic celebration of Australian producers who are at the top of their game and who are consistently producing outstanding products made from home-grown Australian ingredients," said Sydney Royal Fine Food Chair, Michael Bullen.

"This year's competition saw over 1,600 entries, which is a 15% increase on 2024, with exhibits undergoing blind-judging by some of our country's best manufacturers, food scientists, chefs, and more. From that judging, we have awarded an array of deserving gold, silver, and bronze medals, and of course, crowned our champion products."

All products entered into the Sydney Royal competitions must be made from at least 85% Australian ingredients, with the aim of celebrating Australian produce and agriculture.

Champions crowned tonight include **Edible Alchemy**, which took home *Champion Chocolate or Confectionery* for its *Cowboy Candy*, a confectionery product of jalapeño soaked in sugar syrup, and *Champion Sweet Preserve* for its *Kimchi Honey Syrup*.

In the professional bakery competition, **Slowbreads Roseville** was awarded *Champion Sourdough* for the second time, this year with its *Fig, Cranberry and Walnut sourdough*, while *Champion Pie* went to the **PIEFATHER** for its *MICKTACO pie*.

**Mandolé Orchard** also retained its title in 2025, winning *Champion Plant-Based Product* for the second year, this time with its *Honey Almond Butter*.

In the meat categories, **Stockyard Beef** reigned supreme once again, winning *The Dick Stone Perpetual Trophy for Grand Champion Beef Exhibit* with its *Stockyard Black*, and **Millin's Free Range Butcher** has your next barbecue sorted with its *Beef Philly Cheesesteak Sausages* claiming *The Champion Fresh Sausage Perpetual Trophy*.

For the coffee lovers, Australian-grown coffee supplier **Coffee Mentality** took out *Champion Coffee* thanks to its "Auditory" Blend 200g, and *Champion Drink* went to **Rice Culture** for its *Rice Culture Organic Black Koji Amazake*.

### PORK

#### CLASS 2 - Pork

JUDGES' COMMENTS: Over the past couple of years, the standard of pork continues to meet and exceed expectation. The focus from the producers to improving the inter muscular fats in the loin is outstanding. The tenderness and juiciness is improving, we all really enjoyed this Class. The introduction of dry aging is a welcome addition into this Class. The high standard of medal recipients are a great example of where the industry is heading.

**CLASS 10 - Chorizo. Fermented, semi-fermented, semi-dried, cured, smoked, full or partially cooked.**

JUDGES' COMMENTS: Overall, the product quality was average and a selection of products available from air dried to fermented and cooked. Opportunities to improve through deeper authenticity. Entries lacked a little in innovation and exciting flavour across this range. The duck chorizo offered some innovation within this Class. Well done to all the Exhibitors.

**CLASS 11 - Fresh Sausages. Any meat species, uncooked.  
Fresh Chorizo is accepted**

JUDGES' COMMENTS: Overall standard for the fresh sausage Class was high with standout products demonstrating above industry standards. Workmanship was noticeable with minimal faults. Some flavour combinations were challenging with misalignment or overpowering of ingredients. It was great to see the large number of entries showcasing the butchers and their expertise. Well done.

**CLASS 2 - Savoury Preserves and Condiments (e.g. chutney, tapenade, mustards, mayonnaise horseradish, relishes, salsa, chilli preserves, etc.)**

JUDGES' COMMENTS: The standout products showed great care in the preparation of the ingredients. Fruit was cut consistently. The ratio of spices to fruit was perfect. The heat from the chilli was complementary rather than overpowering. Attention to the product description which needs to match the product name. The overall quality of the product was determined by the quality of basic ingredients. The quality in the cooking to develop the flavours in the finished product needs sufficient time. Take care that the chilli products do not have a lingering flavourless burn. The best product showed heat and genuine flavour from chilli and other ingredients. Great use of fresh fruit products in all applications. Make sure spice complements the fruit flavours.

**CLASS 4 - Herbs, Spices and Salts (e.g. spice mixes, dry rubs, Australian grown culinary herbs and spices - lemon myrtle, vanilla, saffron, pepper, dukkah, garlic, truffle, etc.)**

JUDGES' COMMENTS: Overall high standard of entries. Exhibitors would get improved attention from judges if they more clearly described how the product should be used. Products should list all ingredients and not just say "spices". Factual descriptions and a lack of hyperbole are viewed more favourably. Always advisable to use all natural ingredients wherever possible.

**CLASS 5 - Pickled/Marinated/Fermented/Dried and Preserved Products (e.g. fruit, vegetables, pickled onions, figs, dried mushrooms, tomatoes, miso, garnishing pearls, non-meat jerky products, etc.)**

JUDGES' COMMENTS: Good to see the range of products and variation in some product types. The increase in fermented products, especially krauts, kimchi and miso, is exciting, and indicative of a new and often well-informed generation of consumers. The judges were pleased to find some expertly realised, 'classics', where technique is key to quality, and some innovative twists and interpretations, that really stand out when done well, rather than just being novel. Exhibitors should advise the optimal way for their product to be tasted, albeit within the competition parameters.

**CLASS 6 - Vinegars (e.g., caramelised, maceration including raspberry or tarragon, from any fruit, vegetable or grain, etc.)**

JUDGES' COMMENTS: Generally, a great Class full of interesting products of many styles. Very few technical faults which is great to see. Overdependence on cane sugar in the caramelised products diminishes the fruitiness which should be monitored. A better choice of additions would yield a better result. We encourage producers to take more time in selecting which flavour ingredient to use and not just settle on the first one in vinegars, due to the acid present, flavour additions can be greatly changed by the acid in the vinegar. Try many different flavours before settling on the best one.

**CLASS 8 - Nuts (e.g. raw, roasted, plain, salted and savoury, etc.)**

JUDGES' COMMENTS: Excellent quality nuts and good variation. We appreciated thoughtful packaging, that kept the nuts whole and safe and was environmentally suitable. Interesting processes, and good saltiness and balance of flavours. The high performers had good colour, consistency and vibrant flavour and aroma. We'd like to see more care taken during the quality control checks to ensure nuts are maintained consistently from the tree to the bag.

**CLASS 9 - Confectionery & Chocolate (e.g. peanut brittle, chocolate coated macadamias, sugar coated almonds, nougat, rocky road, fudge, fairy floss, liquorice, marshmallow, etc.)**

JUDGES' COMMENTS: A strong Class with good quality Exhibits. Nice to see a broad range of products. Diversity and novel flavours were welcome. Most products were of very high quality, some consideration to artificial colours and flavours and what they're contributing to the product would be welcomed. It would be nice to see the introduction of indigenous flavours and spices. The French jellies were excellent quality and utilised very interesting ingredients and flavours. We appreciate the quality of the craftsmanship across the board and welcome novel ingredients and innovative products.

#### **CLASS 10 - Drinks (e.g. cold pressed juice, cordial, concentrate, tea, kombucha, etc.)**

JUDGES' COMMENTS: Top entry was an example of out of the box thinking that showed innovation and careful attention to their craft. Generally, innovation and new ingredients were well rewarded across all styles. Cordials were generally great, but those that had fruit intensity, and not just sweetness were best rewarded. Juices were all great, those that showed excellence in manufacturing, that is no advanced browning and without faults, were the highlights. Kombuchas were all high quality, using quality ingredients and discipline with flavours which was delightful. Overall, this Class was a delight to judge.
