ROYAL AGRICULTURAL SOCIETY OF NSW (RAS) ABN 69 793 644 351

Royal Agricultural Society of NSW

Welcome from the President

I am delighted to promote this schedule to competition entrants for the 19th Annual President's Medal competition.

To be eligible to enter you have already had outstanding success in our 2025 competitions and on behalf of all at the RAS I congratulate you once again.

I am so glad you are considering entering this prestigious competition. It truly is the flagship amongst the competitions that the RAS conducts and we are very proud of the example it sets and the statement it makes about sustainable Australian agriculture and food production. It is vital to Australia's global trade in the agriculture and food and beverage sectors that we tell our stories of success and that is exactly what we seek to do through this competition.

The Sydney Royal Wine, Beer & Cider, Distilled Spirits, Cheese & Dairy Produce and Fine Food competitions represent the pinnacle of Australian food and beverage excellence. Each year these competitions attract producers from across the nation all striving for the coveted Sydney Royal Champion or Trophy – the very achievements that place them in contention for the President's Medal.

Since its inception in 2006, the President's Medal has been awarded to producers whose excellence goes far beyond product quality. It is the only award of its kind in Australia to assess enterprises holistically, measuring their environmental sustainability, social responsibility, financial performance, innovation, resilience, governance and industry impact.

In 2026 we build on this legacy and have refined the judging criteria to ensure the Medal remains relevant and future-focused as it heads into its 20th year. These updates reflect the evolving challenges faced by Australian producers and reinforce the Medal's role in recognising businesses that lead with integrity, adapt to change and inspire others across the supply chain.

The Sydney Royal Easter Show continues to be a vibrant stage where our award-winning products and producers connect with hundreds of thousands of visitors. Through dedicated spaces such as the Sydney Royal Medal Winning display area and the Talk and Taste program, Showgoers have the opportunity to experience the stories, skill and innovation behind the country's most exceptional food and beverage offerings. For many finalists and winners the Show is where their success is celebrated by the public and industry alike.

We are also proud to introduce the President's Medal Hall of Fame, honouring past winners who have made an enduring contribution to Australian agriculture and the food and beverage industry. Our inaugural inductee will be presented at the 19th Annual President's Medal Awards Presentation.

I extend my deepest thanks to the judges, stewards and industry experts whose expertise ensures that our awards remain both rigorous and respected. To all entrants, finalists and winners your skill, dedication and innovation set the standard for excellence in Australian produce.

I look forward to celebrating the remarkable talent, passion and leadership that defines the President's Medal through its nominees, finalists and winner of the 19th Award.

John C. Bennett, OAM
President, Royal Agricultural Society of NSW

WHAT IS THE PRESIDENT'S MEDAL?

Established in 2006, the President's Medal is the Royal Agricultural Society of NSW's most prestigious award, recognising Australia's leading food and beverage producers. Unlike traditional awards based solely on taste or presentation, the President's Medal celebrates holistic excellence, rewarding enterprises that demonstrate exceptional performance across environmental, social, and financial sustainability, as well as resilience, governance, and industry leadership.

Finalists are drawn from Sydney Royal Champions throughout the year and assessed on their integrity and impact across the entire production cycle, from gate to plate. The award honours producers who embody innovation, responsibility, resilience, and long term vision in Australian agriculture and food production.

TESTIMONIAL

18th (2025) President's Medal Winner, Tathra Oysters, NSW

"We are proud to share insights from the most recent recipient of the President's Medal winner. Their story exemplifies the values of innovation, sustainability and excellence that the Medal represents."

When we won the inaugural President's Medal back in 2006, we were overwhelmed that a small simple business like ours could be recognised in such a prestigious way.

The President's Medal values of striving for excellence in production as well as for an excellent end product has always been a natural fit when farming in a beautiful fragile lake inside a National Park.

To now win the President's Medal a second time, nearly 20 years later, is a testament to being able to maintain and strengthen these values through Floods, Fires and a Pandemic.

The recognition this award now has is staggering and the values of this award resonate deeply within the community.

We're so thankful to the RAS for having the foresight to bring these modern production values to the pinnacle of their award structures and are so proud to be recognised in this way. It is a truly life changing recognition."
