Royal Agricultural Society of NSW

Welcome from the President

The Sydney Royal Easter Show is a true celebration of the best that Australia has to offer, and we are delighted that you will be part of it. Our agricultural competitions sit proudly at the heart of everything we do, with our world class livestock shows continuing to draw national and international attention. Alongside our horse events, poultry, domestic animals, perishable cooking, arts and crafts, horticulture and woodchopping, these competitions make the Easter Show a vibrant, living showcase of Australian skill, passion and excellence to hundreds of thousands of visitors each year.

The Royal Agricultural Society of NSW (RAS) has a rich history dating back to 1822, built on a tradition of fostering and rewarding excellence in agriculture. While we honour that legacy, the RAS of today is forward looking and innovative. Each of our Committees and competition sections has a clear strategic plan in place, ensuring that we not only preserve what makes the Show extraordinary, but continually adapt – harnessing innovation and technology to enhance our competitions, benchmarking and judging processes.

Agriculture remains at the very core of our mission, with the RAS making significant contributions each year towards the growth and strength of our farming and food production sectors. Sydney Royal competitions are unique in the way they benchmark and celebrate excellence in Australian agriculture, shining a light on those who set new industry standards. Nearly 30,000 entries each year, spanning the food supply chain from paddock to plate, demonstrate the extraordinary diversity, innovation and dedication of our exhibitors.

The benefits of a win at Sydney Royal are truly enduring. A Sydney Royal award is a mark of distinction and a symbol of the highest standards of quality and excellence, it is something people are truly proud of. For some of our exhibitors, it also opens doors to valuable opportunities that elevate their profile, connects them with consumers, and creates lasting advantages for their businesses well into the future.

The cornerstone of our competitions are independent, knowledgeable and highly respected judges, alongside our expert stewards, Councillors and all of our officials. These people generously give their expertise and professionalism to ensure both integrity and excellence. To all our volunteers and to the outstanding and dedicated staff at the RAS whose efforts bring our Show to life, I extend my heartfelt thanks.

If you are not already a Member, I encourage you to join the RAS. Membership offers an even deeper connection to the Show and to this incredible community of people dedicated to honouring tradition while driving innovation.

On behalf of the RAS, I wish you the very best of luck. I eagerly look forward to seeing the strength of our agriculture, the diversity of our competitions and the skill and passion of our exhibitors on display. This year, I will also be delighted to welcome our major winners each afternoon in the President's Suite and congratulate them firsthand.

CHANGES COMING IN 2026

The Sydney Royal Woodchop Committee is dedicated to maintaining the reputation of our Competition and providing the largest and best quality woodchop competition in the world. To maintain our global standing we have curated an 11-day program to ensure the Sydney Royal is the premier Woodchopping event where the best of the best in the sport come together.

To ensure we maintain the calibre expected from a global event, the Committee have made several changes to the Competition which include a continued focus on promoting the development of our Junior Competitors knowing that they are future of the sport.

MINIMUM REQUIREMENTS AT TIME OF ENTRY

To be eligible to compete at the Sydney Royal Woodchopping and Sawing Competition, a Competitor must be registered with an association recognised by the Australian Axemen's Association (AAA) and be a financial member at the time of entry. In addition, Competitors must have participated in at least one AAA-recognised event (excluding the Sydney Royal Competition) during 2025. All Competitors are required to be current financial members both at the time of entry and from the commencement of the 2026 Competition.

Handicaps for each discipline are calculated using performance history provided by each Competitor at the time of entry, along with past achievements and results from associations in Australia and internationally. This includes final handicap results from the 2025 Sydney Royal Woodchopping and Sawing Competition. Competitors are advised they must provide as much accurate detail as possible within the performance section of their registration to assist in the handicap calculation process.

EVENT ENTRY PROCESS

Competitors will nominate entries in events as usual via your MyRAS account. Competitors will be notified of acceptance which will be based on the most competent in that discipline, considering handicaps, ability, competency, past conduct and safety, while adhering to the maximum numbers allowed for each event. The Committee will review all Junior, Under 21's and International competitors entries and exemptions may apply.

Once the review process is finalised, Competitors will be notified by email and directed to login into their MyRAS account to view their final list of qualified events. Competitors who are not accepted into an event will automatically receive a refund of their Entry Fee with no further action required. Refunds will only apply to affected events and will be paid by Electronic Funds Transfer (EFT) to the bank account nominated for the Exhibitor in the competition entry system (myRAS) at the time the RAS commences processing a payment. If the bank details are incomplete or incorrect, the RAS will attempt to contact the Competitors to confirm payment details.

Please note that refunds cannot be issued to credit cards. If you wish to withdraw from any other events, this must be done in accordance with the relevant Regulations.

The Committee will make the final decision on Competitor acceptances. This decision is final and not open to appeal.

JUNIOR EVENTS

LOG SIZE FOR JUNIOR EVENTS

Following industry advice and to ensure the safety of Competitors, the Committee has made the decision to increase the log size for all Junior events (including Junior Development) to a minimum of 275mm going forward.

JUNIOR DEVELOPMENT

The Junior Development Program (Event 38) has long been an important event in our schedule, offering our future champions the chance to compete at a world class event and gain experience in the sport where they have shown great courage to get up and give their all in a stadium in front of scores of people.

Changes have been made to the registration process and moving forward this event will be by invitation only and limited to 16 Junior (Boys & Girls, 12-16yrs) Competitors, who will be nominated by their respective state associations.

Anyone who would like to take part should send their expressions of interest to their state association for consideration. Please note, limited spots available for each state with preference being given to Novice Competitors.

All Fees are inclusive of GST.

INCORRECT AND INCOMPLETE APPLICATIONS FOR ENTRY

PRIZES AND GST

The Australian Taxation Office has deemed that GST is payable on prizes if an Exhibitor is registered for GST and enters an Exhibit as part of a business enterprise.

The information an Exhibitor provides on the Application for Entry determines whether GST is applicable.

Any prize stated in this Schedule does not include GST.

GST will not apply:

- if an Exhibitor enters an Exhibit as a hobby or private recreational pursuit; or
- if an Exhibitor enters an Exhibit as part of a business enterprise, the Exhibitor has an ABN, but the Exhibitor is NOT REGISTERED for GST.
- if an Exhibitor enters an Exhibit as part of a business enterprise the Exhibitor is not entitled to an ABN as the business or enterprise is not operating in Australia.

Where GST applies, the RAS will pay the prize money quoted in this Schedule plus 10% GST. The RAS will issue a recipient created tax invoice.

WARNING: *The Exhibitor must complete the **Tax Details** on the Application for Entry. Failure to do so will result in the RAS deducting 47% of the successful Exhibitor's prize money as Pay As You Go Tax (PAYG). The RAS recommends that the Exhibitor seeks professional advice before completing the Tax Details.*

PAYMENT OF PRIZE MONEY

Prize money won during the Sydney Royal Easter Show will be paid by Electronic Funds Transfer (EFT) to the bank account nominated for the Exhibitor in the competition entry system (myRAS) at the time the RAS commences processing a payment. If the bank details are incomplete or incorrect, the RAS will attempt to contact the prize winners to confirm payment details.

The RAS seeks to finalise all prize money payments by the end of June. Queries regarding unpaid prize money can be addressed to the Service Centre by email at competitions@rasnsw.com.au.

Any prize money left unclaimed for a period in excess of six months, is deemed forfeited by the Exhibitor.

SUPPORTER PRIZES

18. Handicaps will be determined on the basis of form, inherent ability and performances and such other information as may be deemed by the Committee, or Handicapper, to be relevant.
19. The decision of the Committee, or the Handicapper, in respect of a Competitor's handicap is final and may not be challenged, the subject of a Protest or called into question by any Person.
20. The handicap of a Competitor may be adjusted at any time during the course of a Competition in such manner as the Committee or the Handicapper considers appropriate.
21. Handicaps are to be calculated to the nearest second.

25. Despite Special Regulation 24, it is the sole responsibility of the Competitor to be aware of the time Events are due to commence.

26. The Committee may in its absolute discretion and without assigning any reason postpone or cancel any Event and any Competition. In the event of any such cancellation or postponement, the Committee may, in its absolute discretion, refund all or part of the Entry Fees paid by Competitors or may apply those fees towards the cost of entry to a subsequent Competition.

SCRATCHING

27. Scratchings must be notified to the Handicapper, no later than the commencement of the days events.
28. Unless the Committee decides otherwise, a Competitor who scratches from, or fails to compete in, or complete, an Event is not entitled to any refund of Entry Fee.
29. Unless the Committee decides otherwise, a Competitor who scratches from a heat after the handicaps applicable to that heat have been made public cannot compete in another heat for the same Event.

NON-APPEARANCE OF COMPETITOR

30. A Competitor who has not scratched but who fails to appear for an Event at the time the Event is due to commence forfeits the Entry Fee paid in respect of that Event and at the discretion of the Committee, may be liable to the following additional penalties:

- (a) long white trousers;
 - (b) a singlet which must be white or such other colour and design as the Committee provides or in its discretion considers appropriate, having regard to the Event in question.

41. At a presentation of Awards, a Competitor must not hold, wear or display, or stand adjacent to any thing relating to any sponsorship or other support the Competitor may have received, except as expressly permitted by these Special Regulations. A hat or cap displaying a private sponsor's logo may only be worn after completion of the Award presentation.

SPONSOR LOGO

42. No Competitor's private sponsor's logo may be worn on Competition singlets.
43. Subject to Special Regulation 44, a Competitor's private sponsor's logo may be worn in the vertical position on a leg of a Competitor's trousers, but only in the calf or thigh region, or on the seat of the trousers. In no case may such a logo be larger than 100mm by 250mm. (unless specifically previously approved in writing by the Committee).
44. The Committee may require a private sponsor's logo to be removed when, in the opinion of the Committee, the logo is offensive, in bad taste, or is in conflict with a commercial arrangement to which the RAS is a party. A Competitor who fails or refuses to comply with any such requirement is automatically Disqualified from competing in the Competition until such requirement is complied with.
45. The Committee may require a Competitor, at a presentation of Awards, to wear on their Dress an insignia, logo or wording relating to any sponsorship.
- 45A. A Person must not:
- (a) distribute, publish, wear or display,
 - (b) cause to be distributed, published, worn or displayed,
 - (c) be concerned in the distribution, publication, wearing or display of,

 - (c) is not entitled to any refund of Entry Fees paid in respect of the Competition; and
 - (d) is ineligible to enter the Competition to be held in the ensuing year.
- 45C. Where Special Regulation 45B(a) applies, the Competitor in question is deemed to have come last in all the Events in

which the Competitor competed and the Committee may, in its discretion, adjust all placings and Awards in such Events in such manner as the Committee sees fit.

SETTING UP OF LOGS

46. Competitors have sole responsibility for the correct, safe and secure setting up of logs. A Competitor may delegate the task, but not the responsibility, of setting up to a Deputy.
47. In respect of a Tree Felling Event:
 - (a) the Competitor is solely responsible for safely and securely affixing the log to the tree and for ensuring that the tree is safely secured in the device holding the tree upright;
 - (b) the Committee is solely responsible for ensuring that the tree is safely secured in the device holding the tree upright.
48. If any Official considers that a log has not been correctly, safely and securely set up, that Official may require the Competitor to forthwith re-set the log (for which a reasonable time will be allowed). A Competitor who does not promptly comply with this Special Regulation may be Disqualified by the Official from the Event in question.
49. Competitors (or a Deputy who is assisting the Competitor with setting up the log) must be at their log in sufficient time to complete setting up before the time at which the Event is scheduled to start.
50. Competitors in Underhand and Standing Block Events must set up their logs so that they finish the contest facing the Judge (unless directed otherwise by the Official in Charge).
51. In the case of a Tree Felling Event, Competitors must set up their logs at least 45 minutes before the scheduled Start Time (or such other time as the Committee in its discretion may direct).
52. In the case of all other Events (except Tree Felling) and to the extent practicable, the log must be completely set up no less than 5 minutes before the scheduled Start Time.

THE DRAW

53. All logs will be numbered. Except in the case of Championship Events, logs will be allocated by lot drawn by an Official. In the case of Championship Events, logs will be allocated and drawn by an Official in the presence of a Competitor for the Event in question or if no such Competitor is immediately available, a Competitor in another Event.
54. The draw will be conducted in such a manner that the result is random. The result of the draw may then be transcribed onto a card or label and affixed to the appropriate log. Alternatively, the result of the draw may be written on the log.
55. A Competitor may only chop, or saw, the log drawn for that Competitor. A Competitor who before the log has been delivered into the Arena cuts or in any manner interferes with the log wrapping or changes, or attempts to change, the log allocated to that Competitor, without the prior approval of the Official in Charge, is immediately Disqualified from all Events in the Competition (including Events already conducted at that Competition, in respect of which the Competitor also forfeits any Award won).
56. In relay Events, where logs are the same size, Competitors may choose which logs they cut in a particular manner.

LOGS

57. All logs intended for use in a Competition are and unless sold pursuant to the following Special Regulation, remain the property of the Committee.

58. Subject to Special Regulation 65, if a log is for any reason not required for an Event or for the Competition, it may be purchased by a Competitor for practice or testing.
59. Any logs not sold to a Competitor pursuant to Special Regulation 65 may be sold or disposed of by the Committee in such manner and to such Persons as the Committee deems fit.
60. Logs may be of any variety of timber approved by the Committee and the variety, or any particular log, may (subject to Special Regulation 61) be changed by the Committee without notice.
61. Different varieties of timber may be used for individual Events, save that for each particular Event, all the logs must be from the same tree.
62. Logs used in a Competition must comply with the following provisions:
 - (a) logs must be measured by diameter and not by girth or circumference;
 - (b) a diameter that is as uniform as practical within a tolerance of plus or minus 2mm (save for Championship Events, where the tolerance is reduced to plus or minus 1mm);
 - (c) a minimum length of 610mm for logs intended for chopping;
 - (d) in the case of logs intended for sawing, logs of any length may be used, as determined by the Committee, provided that 50mm (or such greater amount as the Committee in its discretion may decide) is allowed per cut.
63. All measurements are to be undertaken with a metal tape measure graduated in metric measurements, with all measures being correct within 1mm. Approved diameter measurements are 250mm, 275mm, 300mm, 325mm, 350mm, 375mm, 400mm, 450mm, 500mm, 600mm and 750mm.
64. Any dispute or difference relating to the logs must be notified to the Official in Charge prior to the commencement of the Event in question. The Official in Charge will make a decision in respect of the dispute or difference, which decision is final and binding and not subject to appeal or Protest by any Person.

PRACTICE

65. A Competitor:
 - (a) must not practice or test an axe or saw in the Arena;
 - (b) may only practice or test an axe or saw on a log that the Competitor has first purchased, as provided by Special Regulation 58 above.
66. A log may not be removed from the Arena before the Event in respect of which the log was intended.

PERSONS ALLOWED IN ARENA

67. During the setting up of logs for an Event, the only Persons permitted into the Arena are:
 - (a) the Competitor in the Event in question;
 - (b) only one other Person who is acting as the Deputy for a Competitor,
 - (c) Officials,

68. Principal responsibility for ensuring compliance with Special Regulation 67 rests on the Competitor. A Competitor who fails to assist an Official in the enforcement of Special Regulation 67 may be scratched from the Event in question by the Official in Charge.

69. During the conduct of an Event, the only Persons permitted into the Arena are:
- (a) the Competitor;

70. In sawing Events, the Wedger must not enter the Arena before the Competitor for whom they are acting as Wedger has been called for the Event. A Wedger must comply with the dress Special Regulations that apply to a Competitor (see Special Regulations 35 and 37 above).
71. At the end of an Event, no Person other than an Official may enter the Arena until the "all clear" is given.
72. At the end of an Event, no Person (including a Competitor) other than an Official shall approach a Competitor or inspect the Equipment or the log prior to the "all clear" being given.

74. Except as provided in Special Regulations 67 to 73 above, no Person may enter, traverse or remain in the Arena, unless that Person is undertaking a specific task at the direction of the Official in Charge.

AXES AND SAWS

75. All axes and saws must be:
- (a) covered on the cutting edge in such a manner that injury to any Person cannot occur at all times, unless immediately required for use in an Event;
 - (b) securely encased such that no sharp edge is able to come into contact with any person, when carried or transported outside of the Stadium.
76. All axes must be:
- (a) securely pinned with at least one 3mm pin that protrudes continuously through the axe head and axe handle and thus secures the handle to the axe; and
 - (b) upon demand by an Official, immediately produced for inspection by any Official.
77. Any non-compliance with Special Regulation 76 will result in:
- (a) the immediate Disqualification of the Competitor concerned for that day of Competition (including in respect of Events in which the Competitor may already have competed on that day);
 - (b) forfeiture of any Award already won by the Competitor at the Competition;
 - (c) the imposition of such fine, being no more than \$500, as the Committee considers appropriate in the circumstances, which fine is payable forthwith; and
 - (d) the Competitor being ineligible from competing at any Competition until such time as the Competitor has satisfied the Committee and the NSWAA that all axes brought, or that may be brought, into an Arena by the Competitor have been satisfactorily pinned.
78. Except in the case of hard hitting (refer Special Regulation 101), axes:
- (a) must be of a type approved by the Committee,
 - (b) must be of conventional type with one continuous cutting edge,
 - (c) otherwise may be of any weight or blade width.

STARTING

79. A Competitor not present at their designated place in the Arena at the Start Time is automatically Disqualified from that Event.
80. A Competitor who starts cutting before the Start Time will be Disqualified. The decision of the Judge on this question is final and no appeal or Protest is available. If an Event is recorded using Technology, the Judge and the Official in Charge, or their deputy, may have regard to what is shown on the recording in coming to a decision.
- (a) The commencement of which a Championship event / Relay is to commence on is to be the count of 3.

COMPETITION

81. Notwithstanding compliance with Special Regulation 6, a Person is not eligible to compete unless as at the date of the Competition:
- (a) if normally resident in Australia, the Competitor is a registered and duly paid up member of a Local Association, or
 - (b) in the case of a Competitor normally resident outside of Australia, the Competitor produces, on demand, documentary evidence that they are a paid up member of an association representing participants in the sport of Woodchopping and Sawing that is recognised as such by the AAA and the RAS.
82. Woodchopping and Sawing contests will be conducted in heats, semi-finals and finals, or as otherwise determined by the Committee having regard to the number of Competitors.
83. Competitors in heats must continue chopping (or sawing) until at least 3 other Competitors have severed their logs. A Competitor who fails to adhere to this Special Regulation may be subject to Disqualification or such other penalty as the Committee decides, unless the Judge is satisfied that the Competitor is suffering from exhaustion, or has a damaged axe or saw, or should be excused for other sufficient reason.
84. Before the Start Time, neither a Competitor nor their Deputy, nor any other Person, is permitted to make any mark with an axe or saw on the log, provided that in an Underhand Event the Competitor (or their Deputy) may make a foothold and in a Standing Block Event, a doghold. Breach of this Special Regulation will result in Disqualification.
85. Pushing or pulling the log with an axe, or pushing the log with a foot or hand including the application of undue pressure to the loose (i.e. unfixed) end after the last blow has been delivered by raising the foot and kicking downwards, forwards or backwards, will result in Disqualification.
86. Except when setting up and securing a log, a Competitor must not cut or trim the log, or hit it with any part of the axe.
87. Axes and saws must completely sever logs into at least 2 parts. In woodchopping competitions, a log is considered severed at the instance the competitor/s axe enters the log with the final severing blow. In sawing competitions, a log is considered severed when the competitor/s saw has completely separated the log into at least 2 parts.
88. (a) During the conduct of an Event, no Person may render physical assistance of any kind to a Competitor, except in the case of injury to or illness of the Competitor (having first obtained permission from the Official in Charge or the Judge), or in an emergency.

- (b) For the purpose of this Special Regulation, an emergency includes any circumstance where, during the conduct of an Event, any Competitor or other Person is, or appears to any Official of the RAS to be, so unwell or injured that they require urgent medical assistance.
- (c) In the case of an emergency, the Judge may direct the Competitors in any Event then in progress to stop competing.
- (d) A direction under paragraph (c) will be provided by means of a long whistle followed by a verbal direction to stop.
- (e) Where an Event has not been completed by reason of a direction under paragraph (c), the Committee may, but need not:
 - (i) reschedule the Event to be held at another time. In this circumstance, the Committee has the entire discretion to determine when a rescheduled Event is to be held and who may compete in it;
 - (ii) in circumstances where some Competitors in the Event have finished competing, determine that the Event has been for all purposes completed and that placings shall be in the order that those Competitors finished.
- (f) A Competitor has no right to Protest in respect of any action taken pursuant to this Special Regulation by the Judge or the Committee, or any consequence thereof.

89. At the completion of chopping or sawing:

- (a) Competitors must remain at their logs until the "all clear" is given.
- (b) *Neither a Competitor nor any other Person may touch, collect, gather together or take away from the Arena any chips, block remnants or pieces of timber remaining after the finish of an Event, unless specifically authorised to do so by the Official in Charge.*

90. Other than in the case of Tree Felling:

- (a) the Judge has a discretion to direct a Competitor in any Event to cease competing after 2 minutes from the Backmarker's Start Time, or at any time if in the opinion of the Judge the Competitor appears to be unwell or in undue distress;
- (b) despite (a), a Competitor who has not completely severed their log within 3 minutes from the Backmarker's Start Time may be directed by the Judge to cease chopping or sawing.

A direction by the Judge pursuant to (a) or (b) above may not be the subject of a Protest or appeal of any kind.

91. Special Regulation 90 applies in the case of Tree Felling and Butcher's Block, except that the times are altered to 8 minutes and 12 minutes respectively.

JUNIOR LEVEL COMPETITORS

92. In addition to complying with Special Regulation 35 in relation to Dress, a Person may compete at Junior level only if the Person wears chain mesh socks and chain mesh shin guards. A Person who does not comply with this Special Regulation is automatically ineligible for the Event in question and will not be allowed to compete in that Event. Further, if a Person competes in an Event in breach of this Special Regulation, the Person is not eligible for any Award in respect of the Event and will be deemed to have finished last.

93. (a) During the conduct of a Junior Event, either the coach or a parent or guardian (in each case being a paid up member of a Local Association) of that Junior Competitor may, at their option be present in the Arena,

but must at all times during the Event: Any such Person must:

- (i) remain in such place within the Arena as the Judge or the Official in Charge nominates.
- (ii) conduct himself in an orderly and appropriate manner.

- (b) A Person who does not comply with paragraph (a) must, if so directed by the Judge or Official in Charge, forthwith leave the Arena, failing which the Competitor may be directed to cease chopping (or sawing, as appropriate) and/or may be Disqualified. Where a Person concerned has left the Arena, the Judge may, at their discretion, permit a substitute to enter the Arena.

94. A Junior Competitor who is competing may only use an axe not exceeding a weight that has been determined by the Local Association of which the Junior Competitor is a member. However, if it appears to the Judge or the Official in Charge that the axe is too large or heavy for the Competitor, the Competitor may be directed by the Judge or Official in Charge to use a different axe that is more suited to the Competitor.

95. Special Regulation 72 applies.

SLABBING

96. It is the responsibility of the Competitor to take precautions to prevent slabbing. A Competitor who cuts a Slab from their log is liable to Disqualification. However, the Competitor will not be Disqualified if they sever the slabbed piece of timber without assistance from any other Person and before the "all clear" is given. This Special Regulation also applies in the case of an unsevered splinter, if the splinter does not exceed 12mm in thickness in its greatest dimension at the saw cut, foothold or doghold end: however, this exception does not apply if the log is held together by that splinter, irrespective of how thin the splinter may be.

97. Permitted anti-slabbng precautions are:

- Nailing the end of the log,
- Banding the end of the log with wire, strapping or tape,
- Any other method prescribed by the Committee.

HARD HITTING

Title Events

98. All World and Australian championship hard hitting Events must be Restricted Events.

99. The Committee may decide, in respect of a State Title, that a hard hitting Event will be either a Restricted Event or an Unrestricted Event. The decision must be advertised in the Schedule.

Unrestricted Event

100. Hard hitting may be either a Standing Block, or Underhand, as the Committee decides. The Competitor must completely sever (ie no remaining splinters) the log within 2 minutes of the Start Time. An Official must not inspect the log before the expiration of 2 minutes, unless the Competitor has indicated that they have finished chopping. The Competitor may not thereafter resume chopping.

101. Despite Special Regulation 96, all Slabs must be completely severed, irrespective of the precautions taken to prevent slabbing. Should a chip be lying in the Scarf in such a way that in the Competitor's opinion it would constitute a risk of injury to the Competitor or a third party if another blow was struck, the Competitor must remove the chip using the back of the axe only. A Competitor who uses any part of their body to remove a chip will incur Disqualification.

102. Axes of any size, weight or shape may be used.

- 103.** A Competitor may rest the axe on the block between blows to assist balance, but in doing so must not touch the Scarf with the cutting edge of the axe: to do so will be counted as a blow.

Restricted Event

- 104.** Special Regulation 100 applies. However, the Committee may alter the 2 minute time period to suit wood types.
- 105.** The axe must be of a type approved by the Committee and must not exceed 3kg in overall weight and the cutting edge must not exceed 180mm in width.
- 106.** A Competitor must not twist or wrench the axe, or remove or break a chip by movement of the axe head, after the Competitor has completed the blow and the blade of the axe has finished its penetration into the wood. Each breach of this Special Regulation shall add an extra hit to the score.
- 107.** Pushing a chip with the nose of the axe constitutes a blow and is counted as a hit.
- 108.** A Competitor will incur Disqualification if the Competitor:
- (a) touches by hand any part of the Scarf;
 - (b) in the opinion of the Judge, has deliberately split the log.
- 109.** Should a chip be lying in the Scarf in such a way that in the Competitor's opinion it would constitute a risk of injury to the Competitor or a third party if another blow was struck, the Competitor must remove the chip using the back of the axe only. A Competitor who uses any part of his body to remove a chip will incur Disqualification.

Applicable to both Restricted and Unrestricted hard hitting

- 110.** A chip must be lifted or dislodged from each side of the block.
- 111.** In the event of a tie in the number of hits, placings will be determined by the fastest times.
- 112.** In hard hitting using a Standing Block, the Scarf is to be cut using the conventional method. In particular, the V cut is prohibited.

SAWING

- 113.** The Competitor must, to the best of their ability, start their cut within the allocated amount of wood. In the instance of the unfixed end not being square, the allocated amount of wood shall be measured from the shortest distance from the fixed end to the unfixed end.
- 114.** Lubricant may be used on a saw prior to and during an Event.
- 115.** The saw cut must saw through the log from one side only. For the avoidance of doubt, Special Regulation 96 applies to sawing.
- 116.** In the case of single handed sawing, the free end of the saw must be free of any handle or any weight device.
- 117.** A Wedger must stand at the opposite end of the log to the saw cut, but must not in any way touch or guide a saw or that portion of the log which is being sawn off. Any breach of this Special Regulation will incur Disqualification for the Competitor and, if applicable, the team of which the Competitor is a member. *The wedger is entitled to stabilise the saw blade until the commencement of the starting cadence.*
- 118.** All saws used by Competitors must be of a type approved by the Committee.

TREE FELLING

- 119.** Trimming of tree poles is permitter to the Competitor's discretion in order to make it safe for the Competitor to climb the tree pole but must not inhibit the next Competitor to climb this pole.

- 120.** Cutting of practice board holes in trees erected for Competition is prohibited.

- 121.** Competitors must put 3 boards into a tree above each other in the following manner:

- (a) the first board must be approximately 1 metre from the ground with the toe of the board inserted into a new board hole cut by the Competitor;
- (b) the second board must be approximately 2 metres from the ground - otherwise as per (a);
- (c) the third board must be approximately 3 metres from the ground - otherwise as per (a).

From the third board the Competitor must cut the front Scarf, then descend, removing each board to the ground, then ascend on the other side of the tree, placing the boards as provided in (a), (b) and (c) above, and from the third board continue cutting.

- 122.** (a) Logs must not be cut from one side only.
- (b) All boards must be positioned in a board hole without any handling or supporting device.
 - (c) The Competitor must not have any attachment from their Person to the tree or any device which could assist them to remain on the board, except that a non-skid surface on the upper surface of the board and/or the soles of the Competitor's shoes is permitted.
 - (d) A Competitor who cuts into an existing board hole may be Disqualified, unless, within 5 minutes prior to the commencement of the Event, the Competitor has informed the Judge that having regard to the position of an existing board hole, that board hole may be slightly cut into and the Judge is of the opinion that this is reasonable in the circumstances.

- 123.** Two board trees shall be cut in the manner described in Special Regulations 121 and 122, unless the Committee decides otherwise.

UNDERHAND CONTESTS

- 124.** A Scarf must be cut clear of both footholds. A Competitor who cuts into a foothold is Disqualified.
- 125.** A Competitor must only cut whilst standing on the log. If the Competitor is dislodged from their position on the log before the log is completely severed, they must reposition themselves on the log before continuing to chop. However, a Competitor may get off a log to cut a Slab which may be chopped where it lies or after the Competitor has placed the Slab on the log.
- 126.** The cut must be made by cutting the Scarf on the front side of the log to about half way through, then a Scarf must be made on the back side of the log and chopping continue until the log is completely severed.

STANDING BLOCK CONTESTS

- 127.** A Scarf must be cut clear of all dogholds. A Competitor who cuts into a doghold is Disqualified.
- 128.** Special Regulation 126 applies to this contest. Circumferential cutting of the log is prohibited.

NOVICE CONTESTS

- 129.** A Novice Competitor ceases to be Novice in a Discipline if the Competitor wins an Open Event in the same Discipline.

RELAY CONTESTS (see also Special Regulations 175 to 182)

Butcher's Block (one Competitor at a time)

- 130.** The first Competitor commences the chop by opening a Scarf and cutting into the log to approximately half way through, during which time the Competitor's partner Competitor must remain in a neutral area as defined by the Committee. Upon

completion of their cut, the first Competitor must retire to the neutral area. The partner Competitor then commences cutting by opening a Scarf on the opposite side of the log and cutting until the log is completely severed, during which time the first Competitor must remain in the neutral area. Circumferential cutting of the block is prohibited.

- 131.** Once the partner Competitor has commenced cutting, the first Competitor must not cut or touch the log. Breach of this Special Regulation will result in Disqualification of both Competitors.

Butcher's Block (two Competitors at a time)

- 132.** The two Competitors may cut the log either alternatively or simultaneously from both sides or, when the block is greater than 500mm in diameter, simultaneously on the same side.
- 133.** A Competitor must not, in the Committee's opinion, intentionally split the top or bottom of the Scarf. Breach of this Special Regulation will result in Disqualification of both Competitors.

Team Relay

- 134.** Teams of Competitors shall be as approved by the Committee. Each team must appoint a team captain.
- 135.** During the contest, the team captain may stand adjacent to the next Competitor to cut and as soon as the previous Competitor has completed the cut, tell that Competitor to commence cutting. If a Competitor commences cutting before the previous Competitor has finished cutting, or the team captain tells the Competitor to start cutting before the previous Competitor has completed the cut, the team is automatically Disqualified.

After commencing to cut the Standing Block, the Competitor cannot return to the Underhand log.
- 140.** In a two man combination, the first Competitor must cut the Underhand log first and if both Competitors are using the same axe, immediately that log is completely severed, the first Competitor must place the axe against a log for the second Competitor to pick up and commence cutting the Standing Block, until it is completely severed. If the Competitors are not using the same axe, the second Competitor must not commence cutting until after the first Competitor has finished cutting.

If the inspection reveals a breach of these Special Regulations, which could affect the placings, the Official in Charge must then be so advised. The Judge and the Official in Charge must then determine whether or not the Special Regulations have been breached and in doing so, may have regard to what is revealed by any Technology recording of the Event.

JUDGING

- 151.** Each Event is initially judged visually by the Judge, who will then provide their assessment of placings to the Official in Charge or their deputy. If there is more than one Judge and they have differing opinions as to the placings, the matter must be referred to the Official in Charge who will then determine the matter using such Technology as may be available. Subject only to the right of a Competitor to Protest (if permitted by these Special Regulations) and the application of Special Regulation 148, the decision of the Official in Charge will be final and conclusive.

PERPETUAL TROPHIES

The purpose of competition at the Sydney Royal Easter Show is to encourage agricultural and pastoral excellence, ensuring the continual improvement of standards. In the 1870s the Society introduced Regulations to govern judges and judging to ensure that competition was consistent and fair, and the tradition of Perpetual Trophies dates back to this time.

The Perpetual Trophies are the most prestigious of all RAS Awards. They have a dual function in recognising superior effort in competition and commemorating people and organisations that have had a long and meritorious connection with the Society. Some of the trophies currently competed for were first won in 1911. Winners of Perpetual Trophies are permanently honoured, taking their place alongside past winners and becoming part of the ongoing tradition of the RAS.

The Perpetual Trophy Collection of the RAS is unique. It comprises a wide range of beautiful and elegant trophies that illustrate an extraordinary history of agricultural judging and the pursuit of excellence.

Enquiries regarding the donation of Perpetual Trophies should be directed to the RAS Heritage Centre.
