It shall be a condition of entry that exhibitors have become thoroughly conversant with the regulations and that they have complied with the provisions "that all exhibits entered were grown by and at the place of residence of the exhibitor making the entry." CONDITIONS.

1. No person shall be eligible to compete unless he is a member of the R.A.S. Axemen's Association of N.S.W., or, in the case of a competitor residing outside the State of N.S.W., he is a member of an Axemen's Association recognised as such by the Society.
2. An entry will not be accepted unless accompanied by the prescribed entry fee.
3. A competitor must, at time of nomination, furnish his last six performances in all events. Any competitor failing to comply with this rule shall be liable to any penalty the Committee may deem fit.
4. If an axeman or sawyer shall win or be awarded a ribbon in an event held after the closing date of entries, he must notify the Society and/or handicapper of such fact immediately upon arrival at the Show. A competitor who fails to comply with this Regulation shall be liable to disqualification.
5. Particulars of handicaps and heats will, as far as practicable, be posted on a notice board in the dressing room during the day before the event is scheduled to take place. A competitor who wins an event after the posting of handicaps may be re-handicapped for any subsequent event or events. Handicapping limits:—Time: 10-inch combination chop, 20 seconds; 12-inch diameter, 20 seconds; 13-inch diameter, 25 seconds; 14-inch diameter, 27 seconds; 15-inch diameter, 30 seconds; 24-inch diameter double-handed sawing contests, 12 seconds.
6. All scratchings must be notified to the Secretary not later than 9 a.m. on the day on which the first heat of the event is scheduled to commence. The Secretary will acknowledge all such scratchings.
7. Competitors will be notified by means of a public address system at least 20 minutes before each event is timed to start. Each competitor must be at his log at least 10 minutes prior to the notified starting time. Any competitor not so present shall be precluded from competing in the relative event.

8. A competitor who scratches from a heat after particulars have been posted on the notice board (see Clause 5) or have been made public shall not be permitted to compete in another heat of the same event.
9. If a competitor shall scratch from or shall fail to compete in an event he shall not be entitled to any refund in respect of his nomination entry fee.
10. Chopping and sawing contests will be conducted or sawed in heats and a final as determined by the Society's officials, according to the number of competitors.
11. A competitor shall be disqualified if he starts before the starting number marked on his log has been called by the Starter.
12. At the completion of each contest the competitors must remain at their logs until placings have been announced by the Judge.
13. A competitor who cuts through his foothold or footholds in an under-hand event will be disqualified.
14. Axes and saws must entirely sever logs in two parts.
15. Pushing or pulling the log with axe, foot or hand will render the competitor liable to disqualification. Pushing the log with the foot includes the application of undue pressure to the loose end of the log after the last blow has been delivered by raising the foot and kicking downwards, forwards, or backwards.
16. Unless otherwise determined by the Committee, the first and second competitors in each heat and no other competitors in that heat shall be eligible to compete in the final.
17. The decision of the Judge(s) in each event will be final and conclusive.
18. At the conclusion of each event the Judge(s) will indicate to the Superintendent the logs which are to be inspected. The Superintendent will thoroughly inspect such logs to ensure that the foothold or footholds have not been cut through, that slabs (if any) have been dealt with in accordance with the rules, and that the logs have been properly severed (see Clause 25). He will then signal the Judge(s) that everything is in order, and thereupon the Judge(s) will announce his or their placings.
19. Competitors in heats must continue to chop or saw until three blocks have been severed. Any competitor failing to observe this rule may be dealt with in such manner as the Committee may see fit, unless the Judge is satisfied that such competitor is suffering from exhaustion, or has broken or damaged his axe or saw or is excused for other sufficient reason.
20. In Sawing Competitions all saw cuts must be not less than two inches nor more than three inches from the end of the logs.
21. A competitor shall not be allowed to make any mark with axe or saw on his log before his starting time is called, provided that in an under-hand event the competitor may make a foothold. Violation of the rule shall render the competitor liable to disqualification and/or suspension.

BOLTS and NUTS available from DEMCO MACHINERY CO. PTY LTD.

Sec. 15—WOOD-CHOPPING (Continued).

22. A competitor shall not trim his log or hit it with the head of an axe, or cut it in any way.
23. Logs may be washed only with water. No other preparation shall be used.
24. Every competitor shall cut or saw the block drawn for him and only that block. A competitor who changes or attempts to change the block allotted to him may be disqualified or otherwise dealt with as the Committee may deem fit.
25. In all wood-chopping contests any competitor slabbing his block will be disqualified and shall forfeit his right to all prize money (if any), won by him in such event, except that he shall not be disqualified for slabbing provided he severs the slabbed piece without assistance from any other person. A slab is defined as that portion of the log which is dislodged as a result of a "run" to saw-cut or foothold.
26. The only persons authorised to be in the arena during the rigging of blocks are competitors who are entered to compete in the event and the axemen appointed as deputies for the event.
27. No person other than a competitor, wedger, or official shall enter or be within the ring during the conduct of an event.
28. The logs may be any variety of timber and of any length approved by the Officials. The diameter of all logs will be as uniform as practicable for each event. Logs will be numbered and will be allocated by lot drawn by the Officials in the presence of the competitors concerned.
29. No Official is authorised to assist a competitor by giving advice.
30. Each competitor shall wear white trousers, white boots or shoes, and a singlet which must be of a colour considered by the Committee to be appropriate to the State in which he resides.
31. Any competitor conducting himself in an unruly manner, contributing to or inciting discontent, or attempting to deceive an Official, or infringing any of the rules or conditions may be disqualified and/or dealt with as the Council may deem fit.
32. The Committee may, in its absolute and uncontrolled discretion, disqualify, eliminate, or otherwise deal with any competitor in any wood-chopping or sawing event in such circumstances and on such grounds as it may think fit and without assigning any reason therefor.
33. The Society may, prior to or after the closing date of entries, limit the number of competitors in any event.

NOTE:

The BRITSTAND TROPHY

"THE BRITSTAND TROPHY" has won recognition as the Axeman's "Oscar"—as with the well-known Academy Awards of the Film Industry, each year's winner of the Trophy is presented with a facsimile miniature of the Bronze Figure. Each year a plate engraved with the name of the current year's winner is added to the base of the trophy.

N.S.W., is one of the world's richest art prizes. The bronze figure in the Trophy depicts a typical Australian Axeman standing alongside the stump of a tree which has been felled. The Axeman gazes upward as though to gauge the fall of his next tree.

Axemen to whom miniatures have been awarded include G. E. Parker (Qld), W. M. Johnston (N.S.W.), T. Kirk (N.S.W.), R. McCarthy (N.S.W.), L. Tagg (Qld), and J. O'Toole (Vic).

The Trophy is presented by Britstand Distributors Ltd., distributors for British Standard Machinery Co. Ltd., the largest manufacturers of Earth-moving, Road-building and Logging Equipment in the Southern Hemisphere.

It is the work of well-known Australian artist-sculptor, Arthur Murch, a winner of the Travelling Scholarship, who has studied in England and on the Continent. In 1951 he was the winner of the Archibald Portrait Prize—this competition, conducted each year by the Trustees of the National Art Gallery of

Definitely in the world champion class are the Blue Streak Models. The MAJOR—a two-man, petrol-driven model—has already established new records in timber getting and the MINOR—a handy one-man, petrol-driven saw—has proved most useful in handling trees of medium girth. Both models have eight variable cutting positions. There's an ELECTRIC model, too, for use where power is available. There's bigger profit for Blue Streak operators . . . see it . . . test it . . . at the Britstand Exhibit.
