PREFACE.

The Fat Lamb Carcase Competitions will be governed by the general Rules and Regulations of the Royal Agricultural Society and by the Special Regulations hereunder.

The Special Conditions are designed to permit exhibitors to provide exhibits between the 1st July and the closing date for entry (31st December, 1952) at an age and in a condition most suitable for the export trade.

In order to ensure that the carcasses judged are representative of a "car load" furnished by the exhibitor the Special Regulations contemplate that in respect of each entry each exhibitor will submit at least 100 lambs from which a representative selection of six will be made and after slaughtering three of the carcasses from these six will be regarded as the exhibitor's exhibit and will be judged at the N.S.W. State Abattoir, Homebush, in competition with other exhibits.

Facilities are provided to enable the draft or "car load" of lambs to be sent to the exhibitor's selling agent in Flemington at any time between 1st July and the closing date of entry so that this selection of six lambs can then be made and the carcasses held in the freezing chambers of the N.S.W. State Abattoir until all exhibitors' carcasses are ready for submission to the judge.

SPECIAL FAT LAMB REGULATIONS.

Exhibitors are reminded that the Society's General Regulations apply to all sections of the Show and that the Special Regulations hereunder set out which apply to this section only are merely supplementary to the General Regulations.

1. The following Special Regulations apply to entries and exhibits for the 1953 Royal Easter Show but may be revised in respect of entries or exhibits for any subsequent Royal Easter Show.
2. The closing date for entry for the 1953 Royal Easter Show is Wednesday, 31st December, 1952.
3. Each exhibitor shall nominate a selling agent at Flemington sale yards to act as his Agent and shall notify the Secretary of the Society of such nomination in writing and such notification shall be given at least seven clear days before the despatch of the exhibitor's car load of lambs pursuant to the provisions hereinafter contained.
4. Applications for entry may be lodged with the Society at any time between the 1st day of July, 1952, and the closing date for entry but the Society shall not be called upon to accept or reject an application until after the closing date for entry and no act on the part of the Society prior to formal acceptance of the application in writing shall be regarded as or constitute an acceptance of the application.
5. An exhibitor shall be restricted to three entries in any one class.
6. The exhibitor shall consign or deliver to his nominated selling agent at Flemington sale yards a "car load" of lambs comprising a minimum of 100 head.
7. At least seven clear days' previous notice in writing of the date when the car load of lambs will reach Flemington sale yards and be delivered to the nominated selling agent shall be given to the Secretary. Lambs will not be accepted for slaughter unless this provision is observed.
8. The lambs comprising the car load must all be lambs bred by the exhibitor and every such lamb must be of suitable age and condition for the export trade.
9. Each exhibitor shall furnish particulars in writing to the Secretary, of the breed of the sire and dam of the respective lambs comprising the car load and such particulars shall accompany the application for entry.
10. The six lambs of each car load shall be indelibly and clearly marked by the exhibitor so that they may be identified as comprising the car load and be distinguished from the lambs comprising any other car load of the same exhibitor.
11. The expression "car load" means a mob of lambs capable of being contained in a sheep van for transport by road or rail.
12. The following rules and procedure will apply to each car load—
 - (a) An exhibitor may select and raddle his lambs prior to their despatch to the Flemington sale yards. Upon receipt of the consignment of the car load by the relative selling agents at Flemington sale yards, if a selection has not already been made the exhibitor, or failing him the Society, will arrange for an expert, who will be a representative of the New South Wales Meat Exporters, to select and raddle, for the purpose of identification, six lambs which must be representative of the bulk of the lambs comprised in the car load.
 - (b) The six lambs so selected and the balance of the lambs comprising the car load shall be subject to inspection by an Inspection Committee (known as the "R.A.S. Stewards' Fat Lamb Inspection Committee") which shall comprise three members, one of whom shall be appointed by the Metropolitan Meat Industry Board, another by the Sydney Fat Stock Salesmen's Association and the third by the Carcase Butchers' Association.
 - (c) The decision of the said Committee as to whether the lambs comprising the car load are of suitable age and condition for the export trade and whether the six selected lambs are representative of the lambs comprising the car load and as to any other matter which may be referred to the Committee shall be accepted as final.
 - (d) The balance of the car load after the six lambs have been selected shall be at the disposal of the exhibitor.
 - (e) The six selected lambs shall at all times be subject to the control of the Society but subject thereto may be sold by the exhibitor's nominated selling agent on behalf of the exhibitor on the condition that such lambs shall remain subject to the provisions of these Regulations.
 - (f) So soon as the exhibitor's nominated selling agent notifies the Society that the six lambs are available for despatch to the N.S.W. State Abattoir the lambs will be conveyed to the N.S.W. State Abattoir by or under the supervision of the Society.
 - (g) Upon arrival at the N.S.W. State Abattoir the six selected lambs shall be slaughtered and graded and thereafter three of the carcasses of these lambs will be selected by the Judge as being truly representative of the six selected lambs and they shall be deemed to be truly representative of the original car load.

Dear Sir,

re R.A.S. FAT LAMB COMPETITION - 1953

I have much pleasure in submitting to you my comments as Judge of the above Competition.

The Fat Lamb Carcase Competition conducted by the R. A. S. this year was undoubtedly an unqualified success. It is most encouraging to the State, and those responsible for the Competition, to have such a substantial increase in the Novice Section, also a general increase in all classes of the Competition, and particularly the large increase in the class for lambs sired by Longwool rams.

Throughout, the standard was very high, it being quite evident that lamb producers are becoming more appreciative of the value of quality production, particularly "fleshing" for both the export and local markets. In some instances the entries were spoiled by the selection of lambs that were considerably overweight, one particular entry averaging 59.3 lb., whilst a number of entries were in excess of 42 lb. average weight.

The winning entries in all classes had the desired conformation, depth of flesh, distribution of fat and "finish" in carcase that is necessary in high quality lamb carcase. The standard of these winners compared more than favourably with that of the previous years.

The Golden Lamb Trophy winner came from Class 2 Open Class sired by Southdown rams, from Romney Marsh Crossbred Ewes. These lambs were an outstanding group, well covered with full "fleshing" on the legs and loin, in all exhibiting the characteristics of the true Southdown type.

The first prize winners in Class 1 Novice Class were a trio of lambs sired by Southdown Rams out of Romney Marsh Merino Ewes. There was very strong competition in this class and the winners were very outstanding, being true to type, well covered, of good conformation with good cutting qualities.

Class 3 (sired by Dorset Horn, Dorset Down, Hampshire, Ryeland, Shropshire or Suffolk rams) was won by an entry sired by Dorset Horn Rams out of Romney Marsh Crossbred Ewes, which were very even in weight and quality, with good confirmation and of high commercial value, and very suitable for export and local market.

Class 4 (sired by Longwool rams). These were one of the most outstanding exhibits in the whole Competition. They were by Border Leicester Rams from Border Leicester Merino Ewes; very even and beautifully covered throughout, the covering of the leg and loin being outstanding. A beautiful group of lambs that demonstrate what can be done by careful selection of rams and ewes, coupled with good

nutrition and animal husbandry.

Generally, a wonderful exhibit of Fat Lambs and a credit to the Fat Lamb Breeders of the State.

It is gratifying to see a Competition, such as this one, so well supported which augurs well for the future of this most important industry.

I would take this opportunity to thank the members of the Metropolitan Meat Industry Board and their Staff for their assistance and co-operation, without which my task would have been much more difficult.

Yours sincerely,

JOS. W. R. FORD

Judge,
R.A.S. Fat Lamb Competition
1952.

Sec. 4—FAT LAMB CARCASSES (Continued).

- (h) The three selected carcasses will be indelibly and clearly marked for identification and such marks will be recorded by the Society in order to identify the selected carcasses with the exhibitor's entry and the three selected carcasses will then be placed in the Cold Store of the said Abattoir until required for judging in competition with other carcasses.
- (i) The three unselected carcasses of the original six carcasses, in a chilled condition on the next working day following the day of slaughter, will be released by the Society to the nominated selling agent for delivery to the exhibitor or to his purchaser. In the event of the purchaser being other than a regular operator, the purchaser shall nominate a representative with the New South Wales State Abattoir to handle his carcasses.
- (j) The Society shall not be liable to account to the exhibitor, or to his purchaser, for the pelt or offal of the slaughtered lambs, but no objection will be raised by the Society to the purchaser nominating the destination of his skins, casings, fat, and offal.
- (k) No exhibitor shall enter the Cold Store in which the exhibits are for the time being stored.
- (l) The giving of any information to any exhibitor or to any other person other than the Society's representatives and the representatives of the N.S.W. State Abattoir is prohibited whether such information be as to the weight or quality of any carcass comprised in any exhibit or otherwise howsoever in relation to such carcass.
- (m) The three selected carcasses will normally (after being marked for identification as above provided) be exhibited in refrigerated cases at the Meat Industry Hall of the Metropolitan Meat Industry Board at the Showground during the 1953 Royal Easter Show.
- (n) The three selected carcasses will be released by the Society and made available to the purchaser of the carcasses after the close of the 1953 Royal Easter Show.
- (o) The Society or the Metropolitan Meat Industry Board will post up on or in the show case a notice stating the date of slaughtering of the lambs and the period during which each exhibit has been stored.

NOTICE.

Notice is hereby given to intending exhibitors that the Fat Lamb Carcass Section will comprise four competitions, viz.: Novice Class and three Open Classes. If an exhibitor be eligible to compete in more than one class and desires to do so a separate application for entry must be made in respect of each competition.

The exhibitor must take steps to ensure that his car load for each class is clearly identifiable by the Society and by the Metropolitan Meat Industry Board.

The following is an indication to exhibitors of the ideal export lamb weight ranges:—

- (a) First Range 28 to 36lb. inclusive.
(b) Second Range 37 to 42lb. inclusive.
(c) Third Range 43 to 50lb. inclusive.

For the purpose of expediting the delivery of lambs to the New South Wales State Abattoir, exhibitors are requested, when possible, to consign their lambs to the Flemington sale yards for the Monday Auction Sales.

The six selected lambs will be auctioned, in pens specially provided for the purpose, on each sale day at 1 p.m. or, in the event of the sales terminating earlier than 1 p.m., immediately thereafter.

The Society will defray the cost of transport of the lambs from Flemington sale yards to the Abattoir, in addition to slaughtering charges.

Purchasers of all prize winning carcasses will be furnished by the Society with duplicate prize cards and ribbons for such lambs, the prize cards to bear the names of the wholesale and retail purchasers in addition to the name of the exhibitor.

Of the total prize moneys, £50 is presented by COUNTRY LIFE NEWSPAPER CO., LTD., 60A PITT STREET, SYDNEY.

THE MASTER GOLDEN FAT LAMB TROPHY.
Championship Prize.

The Metropolitan Meat Industry Board has presented The Master Golden Fat Lamb Trophy, value 100 guineas, for the purpose of encouraging the production of a better type of Australian lamb for export, with the hope that it will stimulate breeders to unremitting effort in this direction.

The Master Golden Fat Lamb Trophy, before becoming the outright possession of any one exhibitor, must be won on three (3) consecutive occasions or five (5) times in all within a period of ten (10) years. Should no one exhibitor gain three (3) consecutive or five (5) non-consecutive wins within a period of ten (10) years the Trophy shall be awarded to the exhibitor who, at the expiration of ten (10) years, has gained the award for the Trophy on the greatest number of occasions. In the absence of an outright win, should there be two (2) or more exhibitors with an equal number of awards, Trophies to the collective value of 100 guineas shall be awarded to the exhibitors who have gained the greatest number of yearly awards during the ten (10) year period.

A memento in the form of a suitably engraved Cup or Trophy will be presented by the Metropolitan Meat Industry Board to each yearly winner. **Champion**—The Master Golden Fat Lamb Trophy shall be awarded to the owner of the best exhibit in Classes 1, 2, 3, and 4, in accordance with the foregoing conditions. The judge to make his decision on the three carcasses and their suitability for export on the day of judging.
