Sec. 10—AGRICULTURE (Continued).

SCALE OF JUDGING POINTS

1. DAIRY PRODUCE (800)—

Butter:

Six Exhibits.
Two boxes of butter from each of
three factories. The name of the fac-
tory and the registered factory num-
ber must be stated on each box.
Dummy boxes to be used for staging
purposes. Dummies may include 1lb.
prints. Butter shall be judged in Cold
Store—See Regulation 9.
Flavour and aroma 50
Texture 30
Condition 20 100 600

Cheese:

Six Exhibits.
Six exhibits with a minimum weight
of 150lb.—Three each large 40lb. or
over and three each loaf approxi-
mately 10lb. Dummies not permitted
for exhibition.
Flavour 50
Texture and colour 30
Finish 20 100 200 800

2. FOODS (740)—

Hams and Bacon:

Nine Exhibits.
Two sides, two flitches, two middles,
5lb. middle rashers, and two hams. One
exhibit of each type to be cut.
Uncut exhibits shall be allotted same
points for flavour and colour as the
cut exhibits. Hams and Bacon Exhibits
will be judged in the Dairy Hall—See
Regulation 9.
Flavour 30
Colour 20
Proportion of fat and lean 20
Texture and firmness 10
Conformation 10
Finish 10 100 350

Eggs (Hen):

Two Exhibits.
One exhibit, 6 dozen first grade eggs
(minimum 1½ozs. in weight).
First Grade—
Freshness 35
Size and type 15
Texture of shell 15
Cleanliness and bloom 15
Uniformity of shape, size and colour 20 100 100
One exhibit, 6 dozen medium grade
eggs (minimum 1½ozs., but not more
than 1½ozs. in weight).
Medium Grade—
Freshness 35
Size and type 15
Texture of shell 15
Cleanliness and bloom 15
Uniformity of shape, size and colour 20 100 100
Each grade to consist of 3 dozen
white shell and 3 dozen brown shell
eggs. Additional eggs may be used for
display purposes.

Extracted Honey (Liquid):

Six Exhibits.
Two exhibits of honey from Ground
Flora of different varieties, each com-
prising six standard 16oz. round or
square glass jars, and four exhibits
of honey from eucalypts of different
varieties, each comprising six stand-
ard 16oz. round or square glass jars.
Four jars of eucalypt and two jars of
ground flora to be made available for
judging on the table prior to staging.
Flavour 25
Density 25
Colour 25
Aroma 10
Clearness 10
Brightness 5 100 60

2. FOODS (740)—continued.

Extracted Honey (Granulated):

Two Exhibits.
One exhibit of coarse granulated com-
prising six standard 16oz. round or
square glass jars, and one exhibit of
fine granulated comprising six stand-
ard 16oz. round or square glass jars.
One jar of each granulated variety to
be made available for judging on the
table prior to staging.
Evenness of grain 30
Flavour 30
Firmness 30
Colour 10 100 50

Comb Honey (in Sections):

Six Exhibits.
Six exhibits each of 1lb. (reputed)
section.
Fullness 30
Colour and Cappings 30
Evenness 20
General Appearance 20 100 25

Comb Honey (in Frames):

Two Exhibits.
Two exhibits each one frame.
Fullness 30
Colour and Cappings 30
Evenness 20
General Appearance 20 100 25
Frames must not be less than 50
square inches.

Beeswax (White and Yellow):

Two Exhibits.
One exhibit of white 2lb. and one
exhibit of yellow 2lb. to be made
available for judging prior to staging.
Colour 25
Clearness 25
Tenacity 20
General Appearance 20
Aroma 10 100 10

Lard:

One Exhibit.
One exhibit to be shown in six 1lb.
jars.
Flavour 40
Colour 25
Texture 25
Finish and Appearance 10 100 10

Beef Dripping:

One Exhibit.
One exhibit to be shown in six 1lb.
jars.
Flavour 40
Colour 25
Texture 25
Finish and Appearance 10 100 10 740

4. WINES (100):

Five Exhibits.
Five exhibits of different varieties
comprising each of three bottles. To
be shown in plain unbranded bottles.
Suitable labels, supplied by the
Society, must be used on all bottles
both for judging and display purposes.
Courts must only submit 5 of the 7
varieties shown for judging.
Port:
One Exhibit (3 Bottles).
Condition and colour 20
Bouquet 40
Flavour 40 100 20

Pickles, Chutneys and Sauces:	
Twelve Exhibits.	
Four exhibits of Pickles, four exhibits of Chutney and four exhibits of Sauces each of a different kind, of which the Judge shall open two bottles of Pickles, Chutneys and Sauces before allocating points for appearance, condition and quality.	
Appearance, condition and quality	100-80-450

5. FRESH FRUIT AND NUTS (730)—

Apples:	
Seven Exhibits.	
Seven exhibits of different varieties, 3 dozen of each, the largest size in conformity with varietal characteristics.	
Quality and condition	60
Colour and uniformity of size	40 100 100

Pears:	
Four Exhibits.	
Four exhibits of different varieties, 3 dozen of each, the largest size in conformity with varietal characteristics.	
Quality and condition	60
Colour and uniformity of size	40 100 40

Oranges:	
Two Exhibits.	
Two exhibits of different varieties, 3 dozen of each, the largest size in conformity with varietal characteristics.	
Quality and condition	90
Freedom from imperfections and blemish	10-100-80

Lemons:	
Two Exhibits.	
Two exhibits of different varieties, 3 dozen of each, the largest size in conformity with varietal characteristics.	
Quality and condition	90
Freedom from imperfections and blemish	10-100-20

Grapefruit:	
Two Exhibits.	
Two exhibits of different varieties, 3 dozen of each, the largest size in conformity with varietal characteristics.	
Quality and condition	90
Freedom from imperfections and blemish	10 100 20

Mandarins:	
Two Exhibits.	
Two exhibits of different varieties, 3 dozen of each, the largest size in conformity with varietal characteristics.	
Quality and condition	90
Freedom from imperfections and blemish	10 100 20

Sec. 10-AGRICULTURE (Continued).

5. FRESH FRUIT AND NUTS (730)—continued.

Bananas:	
Three Exhibits.	
Three exhibits of different commercial varieties, each comprising one bunch and six hands. (Mons and William Hybrid to be classed as one variety.)	
Quality and condition, freedom from imperfections and blemish	100 60

Pineapples:	
Two Exhibits.	
Two exhibits of Ripley Queen or Common Queen and Smooth Leaf Cayenne.	
3 dozen of each.	
Quality, condition, freedom from imperfections and blemish	100 60

Papaws:	
Two Exhibits.	
Two exhibits of different types, each comprising six.	
Quality, condition, freedom from imperfections and blemish	100 20

Peaches:	
Three Exhibits.	
Three exhibits of different varieties, 3 dozen of each.	
Quality, condition, freedom from imperfections and blemish	100 50

Plums:	
Three Exhibits.	
Three exhibits of different varieties, 3 dozen of each.	
Quality, condition, freedom from imperfections and blemish	100 15

Nectarines:	
Two Exhibits.	
Two exhibits of different varieties, 2 dozen of each.	
Quality, condition, freedom from imperfections and blemish	100 15

Grapes:	
Six Exhibits.	
Six exhibits of different table varieties, each comprising two bunches.	
Quality and condition, freedom from imperfections and blemish	100 50

Miscellaneous Fruits including Berries:	
Ten Exhibits.	
Ten exhibits each one dozen or one lb. of different fruits not elsewhere specified.	
Quality, condition, freedom from imperfections and blemish	100 30

Rock Melons:	
Three Exhibits.	
Three exhibits of different varieties each comprising two melons.	
Quality and condition	70
Size and type	30-100 15

Water Melons:	
Three Exhibits.	
Three exhibits of different varieties each comprising two melons.	
Quality and condition	70
Size and type	30-100 15

5. FRESH FRUIT AND NUTS (730)—continued.

Nuts:	
Fifteen Exhibits.	
Fifteen exhibits, comprising:—	
Almonds—four exhibits each a different variety	24
Walnuts—two exhibits each a different variety	16
Hazelnuts—one exhibit	4
Pecan Nuts—two exhibits each a different variety	8
Chestnuts—one exhibit	4
Macadamia—two exhibits each a different variety	16
Peanuts—three exhibits each a different variety	24 100 730
The points shown in each case shall be awarded for quality and condition. Each variety to comprise 1lb. of nuts in shell.	

6. VEGETABLES AND GINGER (790)—

Potatoes:	
Six Exhibits.	
Six exhibits of different varieties each comprising 14lb.—washed.	
Uniformity of size	15
Trueness to type	15
Quality	
(a) Appearance, shape, skin and eyes	20
(b) Cutting	30
Freedom from blemish and disease	20-100 200

Onions:	
Six Exhibits.	
Six exhibits of different varieties each comprising 5lb.	
Uniformity of size	20
Trueness to type	35
Cutting quality	20
Freedom from blemish, disease and faulty skin	25-100-60

Vegetables:	
Nine Exhibits.	
Nine exhibits, comprising:—	
Carrots—two exhibits of different varieties, each 7lb.	20
Parsnips—one exhibit 7lb.	10
Swede Turnips—one exhibit 7lb.	10
Turnips—one exhibit 7lb.	10
Sweet Potatoes—two exhibits of different varieties each 7lb.	20
Beetroot—two exhibits of different varieties, each 7lb.	20-30-90
Uniformity of size and trueness to type	30
Quality and condition	60
Freedom from imperfections and blemish	10-100

Tomatoes:	
Six Exhibits.	
Six exhibits of different varieties each 5lb. (They shall not be over mature but in the best possible commercial condition).	
Uniformity of size	20
Trueness to type	30
Cutting Quality	20
Freedom from blemish, disease and faulty skin	30-100-90

Pean (Green In Pod):	
Three Exhibits.	
Three exhibits of different varieties each comprising 3lb.	
Uniformity of size and trueness to type	50
Culinary quality	30
Freedom from blemish and disease	20 100 40

Sec. 10-AGRICULTURE (Continued).

6. VEGETABLES AND GINGER (790)—continued.

Beans (Green, Culinary):

Three Exhibits.	
Three exhibits of different varieties each comprising 3lb.	
Uniformity of size and trueness to type	50
Culinary quality	30
Freedom from blemish and disease	20-100 50

Cruciferae:

Nine Exhibits.	
Nine exhibits comprising:—	
Cabbages—four exhibits of different varieties each comprising 2 heads.	
Cauliflowers—two exhibits of different varieties each comprising 2 heads.	
Brussels Sprouts—one exhibit of 5lb.	
Sprouting Broccoli—one exhibit of 3lb.	
Kohl Rabi—one exhibit of 5lb.	
Uniformity and size	15
Trueness to type	15
Quality and condition	20
Culinary quality or cutting quality	30
Freedom from blemish, disease and insect pests	20-100 90

Salads:

Eleven Exhibits.	
Eleven exhibits comprising:—	
Lettuce—three exhibits of different varieties each comprising three heads.	
Radishes—two exhibits of different varieties each comprising three bunches—12 to a bunch.	
Eschallots—one exhibit comprising 12 bulbs or plants.	
Celery—two exhibits of different varieties each comprising three plants.	
Cucumbers—three exhibits of different varieties each comprising six cucumbers.	
Uniformity and size	30
Trueness to type	30
Quality and condition	25
Freedom from disease and blemish	15-100 90

Miscellaneous Vegetables and Herbs:

Twenty Exhibits.	
Twenty exhibits comprising:—	
Sweet Corn (Edible on Cobs)—one exhibit comprising six cobs.	
Chokoes—one exhibit comprising six Chokoes.	
Peppers—four exhibits—two sweet type, two hot type, comprising six specimens each green or red ripe.	
Egg Plant—two exhibits each comprising six specimens.	
Okra—one exhibit comprising six specimens.	
Gherkins—one exhibit comprising twelve specimens of finger size.	
Silver Beet—two exhibits each comprising 12 stalks.	
Rhubarb—one exhibit comprising 12 stalks.	
Leeks—one exhibit comprising six specimens.	
Herbs (dried or fresh)—five exhibits comprising a 2½ inch to 3 inch diameter bunch of each of five kinds.	
Any one exhibit of vegetable not elsewhere specified, one exhibit.	
Uniformity of size and trueness to type	40
Quality and condition	60-100 60

Ginger (Green):

One Exhibit, 5lb.	
Suitability for processing	40
Quality	80
Freedom from disease and blemishes	30-100-20-790

7. CUCURBITS (90)—

Fourteen Exhibits comprising:—	
Table Pumpkins—four exhibits of different varieties each comprising three Table Pumpkins.	
Table Grammas—two exhibits of different varieties each comprising three Table Grammas.	
Squashes—four exhibits of different varieties each comprising three Squashes.	
Marrows—four exhibits of different varieties each comprising three Marrows.	
Uniformity and size	30
Trueness to varietal type	30
Freedom from blemish	20
Cutting quality	20-100 90

8. GRAIN, ETC. (1660)—

Wheat:

20 Exhibits.	
Comprising not less than eight different varieties. Each exhibit to be presented in a bag containing 1 bushel sample, which shall be appropriately labelled to indicate the variety with the name of the grower and the district where grown. The exhibits must be contributed by not less than seven growers, each grower being limited to the supply of a maximum of four exhibits, each of a different variety. On Tuesday, 9th April a 5lb. fair sample of each exhibit will be extracted by the Society's Steward for judging purposes of the remainder of each exhibit 10lb. shall be used for display, suitably ticketed to show the name of the variety and the district where the wheat was grown.	
Weight per bushel	30
Appearance of grain	25
Uniformity and trueness to type	25
Freedom from disease, pests, impurities and foreign odours	20-100-800

Varieties exhibited in N.S.W. Courts shall be restricted to the following, provided that any other variety, approved by the Society in writing not later than 31st January, 1957, may be added to the list:—

Strong White Wheats:—Cailloux, Charter, Festival, Pusa III, Pusa I, Saga, Yalta.
Medium Strong Wheats:—Bordon, Broughton, Celebration, Curlew, Dirk, Ford, Gabo, Gular, Javelin, Kendee, Koala, Koda, Panther, Spice, Warigo, Wongoondo.
Weak Flour Wheats:—Bencubbin, Glenwari, Ghurka, Insignia, Quadrant, Pinnacle, Waratah.

Varieties exhibited in the Courts of other States shall be those recommended by the Department of Agriculture in their own States or any other variety approved by this Society, in writing, not later than 31st January, 1957.

Oats:

Eight exhibits comprising four varieties, each variety to be presented in two 20lb. bags. The two bags of any one variety must be from different growers. On Tuesday, 9th April, a 5lb. fair sample of each exhibit will be extracted by the Society's Steward for judging purposes of the remainder of each exhibit 10lb. shall be used for display, suitably ticketed to show the name of the variety and the district where the Oats were grown.	
Size, plumpness and uniformity	40
Appearance	15
Trueness to type	15
Freedom from foreign matter, etc.	15
Bushel weight	15-100-250

Sec. 10-AGRICULTURE (Continued).

9. GRAIN, ETC. (1660)—continued.

Barley:

Three exhibits of different varieties, each one half bushel will be staged. On Tuesday, 9th April, a 10lb. sample of each exhibit will be extracted by the Society's Steward for judging.	
Appearance and uniformity	50
Purity and trueness to type	30
Freedom from disease, pests, impurities and foreign odours	20-100-100

Rye:

Two exhibits of different varieties each one half bushel. On Tuesday, 9th April, a 10lb. fair sample of each exhibit will be extracted by the Society's Steward for judging.	
Appearance and uniformity	50
Purity and trueness to type	30
Freedom from disease, pests, impurities and foreign odours	20-100-30

Maize:

Cob and Grain—

Cob:	
Eight exhibits comprising 4 different varieties of Hybrid and 4 different varieties of open pollinated. Each exhibit to comprise three cobs.	
Trueness to type	40
Uniformity and quality	35
Freedom from disease and insect damage	25-100-150

Grain:

Eight exhibits comprising 4 different varieties of Hybrid and 4 different varieties of open pollinated, each exhibit to comprise one quarter bushel.	
Trueness to type	40
Uniformity and quality	35
Freedom from disease and insect damage	25-100-150

Rice:

One exhibit comprising Paddy Rice, 14lb. and two sheaves, six inches in diameter.	
Appearance and quality	50
Uniformity and trueness to type	30
Freedom from disease, pests and foreign odours	20-100-40

Sorghums (Grain Varieties):

Grain:	
Four exhibits of different varieties each comprising 10lb. of grain.	
Trueness to varietal type	40
Uniformity, colour and quality	50
Freedom from disease and insect pests	10-100-40

Seed Heads:

Four exhibits of different varieties each comprising three heads.	
Trueness to varietal type	40
Compactness and uniformity of heads	50
Freedom from disease and insect pests	10-100-40

Sorghum (Sweet Varieties):

Grain:	
Three exhibits of different varieties each comprising 10lb.	
Trueness to varietal type	40
Uniformity and quality (including freedom from disease and insect pests)	60-100-30

Seed Heads:

Three exhibits of different varieties each comprising three heads.	
Trueness to varietal type	40
Uniformity and quality (including freedom from disease and insect pests)	60-100-30-1660

9. STOCK FODDERS (940)—

Oaten, Wheaten and Lucerne Hays:

Three Exhibits.
 (Exhibits must each comprise three bales, each bale pressed approximately 24in. x 18in. x 12in.)

Oaten Hay:

One Exhibit.	
Aroma	25
Colour	25
Fineness and softness	20
Appearance	30-100-100

Wheaten Hay:

One Exhibit.	
Aroma	25
Colour	25
Fineness and softness	20
Appearance	30-100-60

Lucerne Hay:

One Exhibit.	
Aroma	25
Leaf	25
Fineness of stem and softness	25
Colour	25-100-100

Oaten, Wheaten and Lucerne Chaffs:

Three Exhibits.
 (Each exhibit to comprise 28lb. displayed in a suitable container).

Oaten Chaff:

One Exhibit.	
Aroma	30
Colour	30
Cut, freedom from dust and foreign matter	40-100-100

Wheaten Chaff:

One Exhibit.	
Aroma	30
Colour	30
Cut, freedom from dust and foreign matter	40-100-60

Lucerne Chaff:

One Exhibit.	
Aroma	30
Colour	30
Cut, freedom from dust and foreign matter	40-100-100

Hay, other than Oaten, Wheaten and Lucerne:

Nine Exhibits.

Hay:

For judging purposes there shall be staged as follows:—

Millet:

Three Exhibits, one each of three different varieties each comprising one bale pressed approximately 24in. x 18in. x 12in.	
Six Exhibits each comprising one bale of Grasses and/or Clovers. Pressed approximately 24in. x 18in. x 12in.	
Diversity of type	20
Aroma	20
Colour	20
Fineness and softness	15
Appearance	25-100-60

Sheaves of Cereal Hay:

One Exhibit.	
One exhibit of four varieties, three sheaves of each variety to be staged for judging. Exhibits to be 4in. diameter at the tie.	
Quality, leafiness and colour	60
Condition and freedom from disease and insect damage	40-100-40

Make short work of your grass using an 18" CLYDE.

CLYDE mowers distributed by Paul & Gray Pty. Ltd.

Sec. 10—AGRICULTURE (Continued).

8. STOCK FODDERS (940)—continued.

Green Maize, suitable for stock fodder or silage:

One Exhibit.	
One exhibit of twenty stalks of one named variety. (Distance of travel will be taken into consideration by the Judge when allocating points.)	
Suitability and stage of maturity	35
Length of stalk	25
Leafiness and colour	30
Freedom from disease and insect damage	10-100-40

Pumpkins for Stock Feed:

One Exhibit.	
One exhibit of at least 20 pumpkins.	
Diversity of types	40
Leafiness of size	50
Condition and freedom from disease	10-100-60

Grammas:

One Exhibit.	
One exhibit of 10 Grammas.	
Diversity of types	40
Leafiness of size	50
Condition and freedom from disease	10-100-30

Pie Melons:

One exhibit of six Melons.	
Leafiness of size	75
Condition and freedom from disease	25-100-30

Stock Roots:

Five Exhibits.	
Any five of the following to be shown:	
Mangolds—one exhibit of six roots.	
Swede Turnips—one exhibit of six roots.	
Yams—one exhibit of six roots.	
Sweet Potatoes—one exhibit of six roots.	
Stock Carrots—one exhibit of six roots.	
Sugar Beet—one exhibit of six roots.	
Arrowroot—one exhibit of 7lbs.	
Artichokes—one exhibit of 7lbs.	
Quality and condition	40
Size	40
Trueness to type	20-100-60

Green Sorghums for Stock Fodder or Silage:

Three Exhibits.	
Each exhibit comprising fifteen stalks of different varieties. (Distance of travel will be taken into consideration by the Judge when allocating points.)	
Quality, colour, fineness of stem, leafiness	40
Length	30
Sweetness	20
Freedom from disease	10-100-50

Miscellaneous Fodders Cured:

Eight Exhibits.	
Eight exhibits from any of the under-mentioned. (Sheaves to be approximately four inches in diameter, and bundles approximately 5lb. in weight).	
Feed Millet—Three exhibits of different varieties each comprising two sheaves.	
Clover—Three exhibits of different varieties each comprising two sheaves or bundles.	
Lucerne—One exhibit of two sheaves or bundles.	
Sudan Grass—One exhibit of two sheaves.	

9. STOCK FODDERS (940)—continued.

Cow Peas—One exhibit of two bundles.	
Soybeans—One exhibit of two bundles.	
Velvet Beans—One exhibit of two bundles.	
Pea Vines—One exhibit of two bundles.	
Growth and apparent yield	40
Colour, leafiness and fineness	40
Freedom from disease	20-100-50

10. COMMERCIAL FIBRES AND TROPICAL PRODUCTS (490)—

Cotton:	
Three Exhibits.	
Three exhibits of different varieties each comprising 2lb.	
Length	30
Fineness	30
Proportion of lint to seed	30
Quality	10-100-80

Broom Millet:

Three Exhibits.	
One exhibit "Insides" (not over 17in. in length) comprising two bundles each approximately 4in. in diameter.	
One exhibit "Covers" (17in. to 20in.) comprising two bundles each approximately 4in. in diameter.	
One exhibit "Hurl" (20in. to 25in.) comprising two bundles each approximately 4in. in diameter.	
Evenness in length and straightness in fibre	40
Fineness of fibre	40
Freedom from disease and insect damage	10
Colour	10-100-60

Sugar Cane:

Eight Exhibits.	
Eight exhibits of different varieties each comprising six stalks.	
Quality, growth	60
Trueness to varietal type	20
Freedom from disease and insect damage	20-100-50-100

11. GRASSES, CLOVERS AND OTHER HERBAGE PLANTS, FOR GRAZING IN PASTURES (540)—

(For ticketing purposes commercial or popular names to be stated. In addition, botanical names shall be stated).

Thirty-five exhibits comprising:

Grasses:	
Twenty exhibits each a different species or variety	300
Clovers and other herbage plants:	
Fifteen exhibits each a different species or variety	180
General quality and condition	100
The exhibits shall comprise species and/or varieties, including native species, approved by the appropriate District Agronomist or Agronomists and certified by them, in writing, as providing a wide range and satisfactory representation of the grasses, clovers and herbage plants, of proven value and widespread use for grazing pastures and meeting the requirements of the varying conditions of the important sections (e.g. Coast, Tablelands, Slopes, Plains) of the relevant district. A list of the Grasses, Clovers and Herbage Plants proposed to be exhibited together with the Certificate of the District Agronomists must be lodged with the Society not later than the 31st January, 1957.	

Sec. 10—AGRICULTURE (Continued).

12. TOBACCO (120)—

Tobacco—Raw:

Three exhibits comprising:

(i) Leaf-Grade (from upper stalk position of the plant)—one exhibit of 3lb.	
(ii) Cutters-Grade (from middle stalk position of the plant)—one exhibit of 3lb.	
(iii) Lugs-Grade (from bottom or lower stalk position of the plant)—one exhibit of 3lb.	
Smoking quality	50
Colour	20
Trueness to type, tying and grading	30-100-120

13. WOOL (1700)—

Sixty-eight Exhibits.

Sixty-eight exhibits each of one skirted fleece weighing not less than the minimum shown hereunder for each type; comprising fleeces of the types and numbers thereof indicated. Fleeces must be contributed by not less than twenty growers, each grower being limited to the supply of a maximum of three fleeces of each type in the Merino sub-section and one fleece of each type in each of the other sub-sections. Ram fleeces are not eligible except in the case of British

Breeds.

Merino—

Forty exhibits comprising:	
Super Fine (4lb.)	10 Exhibits.
Fine (5lb.)	10 Exhibits.
Medium (6lb.)	10 Exhibits.
Strong (7lb.)	10 Exhibits.

Crossbred—

Twelve fleeces comprising:	
Comeback	
58s to 60s (6lb.)	3 Exhibits.
Fine Crossbred	
56s (6lb.)	3 Exhibits.
Medium Crossbred	
50s (7lb.)	3 Exhibits.
Strong Crossbred	
46s and under (7lb.)	3 Exhibits.

British Breeds—Longwool:

Six Exhibits comprising:	
Border	
Leicester (8lb.)	3 Exhibits.
Romney	
Marsh (8lb.)	3 Exhibits.

British Breeds—Shortwool:

Four Exhibits comprising:	
Dorset	
Horns (4lb.)	2 Exhibits.
Southdown (8lb.)	2 Exhibits.

Australasian Breeds:

Six Exhibits comprising:	
Corriedale (7lb.)	3 Exhibits.
Polwarth (6lb.)	3 Exhibits.

Each type in each sub-section will be judged as a whole and not as individual fleeces on the following scale of points and the points so allotted will be multiplied by the number of exhibits of that particular type.

Soundness	5
Length	10
Colour	10
Softness	10
Character and style	20
Trueness to type	15
Evenness	10
Weight	10
Yield	10-100-1700

13. WOOL (1700)—continued.

(Points will not be awarded for coloured Wool but it may be used for decorative purposes). Fleeces must be delivered to the Showground not later than one week prior to the first day of the Show to enable them to be judged on specially prepared tables on the Monday prior to the first day of the Show. Before judging placards must be placed by the District Court Organisers on each type, showing its classification. After the fleeces have been judged they shall be handed over to the respective District Court Organisers to be boxed for staging, when a further placard must be attached to each type group showing its classification. The award of points for correct ticketing will then be made on the basis of two points for each exhibit. In order to provide an independent educational display of fleeces in the Agricultural Hall, the Society shall have the right to retain for the duration of the Show such fleeces as may have been selected by the Judges for the purpose.

14. CORRECT TICKETING (250)—

The Judge for a commodity shall award up to a maximum of two points for 'Correct Ticketing' for each exhibit submitted for judging in accordance with the conditions. (Nil. will be awarded in the case of each and every exhibit not submitted for judging).

The total of the points so awarded by the Judges shall be divided by the number of exhibits which should have been submitted for judging (i.e. minus the number of approved eliminated exhibits) and the figure thus obtained shall be multiplied by 125 to give the total points to be awarded on the basis of the maximum of 250 points shown in the Schedule.

15. EFFECTIVE ARRANGEMENT AND ATTRACTIVENESS OF GENERAL DECORATIONS

SUB-SECTIONS.	Max. Points
Dairy Produce and Foods (1 and 2)	35
Wine and Processed Fruits and Vegetables, etc. (3 and 4)	35
Fresh Fruits and Nuts (5)	35
Fresh Vegetables and Ginger (6)	35
Cucurbits, Cattle and Stock Pumpkins, Grammas and Pie Melons, and Stock Roots (7 and part 9)	35
Grain, etc. (8)	35
Remainder of Stock Fodders, Commercial Fibres, etc., Grasses, etc., and Tobacco (part 9, 10, 11 and 12)	35
Wool (13)	35
Effective Arrangement and Attractiveness of complete Court	150
New features and originality of Display	200
Ticketing (legibility and attractiveness)	70-1,000
TOTAL	10,100
Approved Elimination	
NET MAXIMUM	

COMMONWEALTH DISTRICT COMPETITION

SPECIAL AGRICULTURE REGULATIONS.

Exhibitors are reminded that the Society's General Regulations apply to all sections of the Show and that the Special Regulations hereunder set out which apply to this section only are merely supplementary to the General Regulations.

TROPHIES ON DISPLAY.

Trophies offered for competition in the Agriculture Section shall be on display in the special windows provided for the purpose in the Society's General Showground Office.

SPECIAL REGULATIONS.

All exhibits must be in position and ready for judging for Effective Arrangement and Attractiveness of General Decorations at 9 a.m. on Friday, 12th April.

Judging will be carried out as follows (See Regulation 9):

Friday, 5th April, at 9 a.m. —Grasses, Clovers, and other Herbage Plants for Grazing Pastures (Agricultural Hall).
Monday, 8th April, at 9 a.m. —Butter (Waterside Cold Stores, 10 Point-st., Pyrmont).
—Wool Fleeces (Agricultural Hall).
Thursday, 11th April, at 9 a.m. —Cheese, Hams, Bacon, Lard, Beef Dripping (Dairy Hall).
—Wheat (Agricultural Hall).

Friday, 12th April, at 9 a.m. —Eggs, Honey, Wines, Preserved Fruits, Jams, Jellies, Preserved Vegetables, Pickles and Sauces, Fresh Fruit and Nuts, Vegetables and Ginger, Cucurbits, Grain (excluding Wheat), Stock Fodders, Commercial Fibres and Tropical Products, Tobacco, Effective Arrangement and Attractiveness of General Decorations. (Agricultural Hall).

No produce of any Government Institution may be included in any exhibit except in the case of Butter and Cheese produced at a registered Dairy Produce Factory located in any Government Institution.

The Agricultural Hall shall be open to the Public on completion of judging and thereafter daily from 9 a.m. to 10 p.m. except Monday, 15th April, and Good Friday, 19th April, on which days the Pavilion will close at 6 p.m.

The sale of exhibits shall commence at 7 p.m., Tuesday, 23rd April.

ENTRY FEE: 5s.

REGULATIONS FOR THE COMMONWEALTH DISTRICT COMPETITION.

1. For the best Collection of Exhibits from Districts as defined in the following Regulations:

PRIZES: £500.

In addition, £100 will be given for each District competing.

Example—1 District	£600
2 Districts	£700
3 Districts	£800
4 Districts	£900
5 Districts	£1000

To be divided in proportion to the points gained by each exhibit.

Any collection securing less than 70 per cent of the net maximum number of points will not be entitled to an award.

2. A Shield is offered for this Competition. The winner of the Competition each year to have name engraved on Shield and hold same for year. The Shield to be returned to the Royal Agricultural Society of N.S.W. seven days before the succeeding Royal Easter Show.

3. (Special Prize)—Trophy, value £100, presented by the Commercial Bank of Australia, Ltd. will be awarded to the District securing the highest number of points for EFFECTIVE ARRANGEMENT AND ATTRACTIVENESS OF GENERAL DECORATIONS. The Trophy before being won outright must be won on three occasions in succession or five times in all by the same District. A memento will be awarded to each yearly winner.

Previous Winners—1955, Western N.S.W.
1956, Southern N.S.W.

ORGANISING EXPENSES.

4. The sum of £1,500 for organising expenses (in addition to Prize Money) will be paid to each competing District.

FREIGHT.

5. A sum of £100 will be paid by the Society to each District to cover freight charges. By reason of distance an additional £100 will be granted to the Moreton and Downs, Q'ld. District, and an additional £50 to the Northern N.S.W. District.

BALANCE SHEET AND STATEMENT OF RECEIPTS AND EXPENDITURE.

The Society must be supplied with a Balance Sheet and a Statement of Receipts and Expenditure from each District Exhibit Organising Committee not later than 15th August each year.

CERTIFICATE OF MERIT.

On the recommendation of an Organiser of a District Committee, the Society may award a "Certificate of Merit" to a person who has contributed material of special merit for exhibition in the District Court. The number of such Certificates shall be limited to 20 to any one Court.

6. EXHIBITS OTHER THAN THOSE ENUMERATED IN THE SCALE OF POINTS SHALL NOT BE INCLUDED IN THE COLLECTION. All exhibits must have been produced between 1st January, 1956 and 12th April, 1957.

7. All exhibits will be ineligible for competition in the general classes.

CLYDE BATTERIES for Cars, Home Lighting, Fork Trucks, Locomotives.

8. Each District shall be responsible for payment of freight on exhibits notwithstanding the manner in which such exhibits are forwarded. (For allowance see Regulation 51). The N.S.W. Railways Department will carry free to Sydney exhibits certified by local Secretaries labelled, and endorsed "FOR DISTRICT EXHIBIT". However, freight is charged on the return journey and the amount so charged shall be paid by the Royal Agricultural Society of N.S.W. and deducted from the freight allowance granted to each District.

In addition exhibits consigned from Queensland will be carried free to the border of N.S.W. on the forward journey and charged for from the border on the return journey.

Any parcel or package not bearing the District label must be sent carriage prepaid and no refund will be made by the Society of the amount so paid. The Society will be responsible for and bear all costs associated with the carriage of exhibits from Darling Harbour, Central Railway Station and/or Alexandria Goods Yard to the Showground and from the Showground to the railroad for return.

EXHIBITS FOR INDIVIDUAL CLASSES IN THE AGRICULTURAL SECTION MUST NOT BE CONSIGNED WITH THOSE FOR THE DISTRICT EXHIBIT. Perishable exhibits consigned by passenger train must be endorsed "Non-Competitive Exhibit", then state the name of the district exhibit.

Refer to Coaching Rate Book, page 113, clause 9.

9. Butter exhibits are to be delivered to Waterside Cold Stores Pty., Ltd., 10 Point-st., Pyrmont, not later than Friday, 5th April, to enable the exhibits to be judged there the following Monday, commencing at 9 a.m. A district representative may be present with the Stewards during judging.

Cheese, Hams, Bacon, Lard and Beef Dripping exhibits to be delivered to Dairy Hall, Sydney Showground, not later than 9 a.m. Thursday, 11th April, to enable exhibits to be judged there on that day. A district representative may be present with the Stewards during judging.

Wool fleeces must be delivered to the Showground one week prior to the first day of the Show to enable them to be judged on specially prepared tables on Monday, 8th April, at 9 a.m. After the fleeces have been judged, as aforesaid, they shall be handed over to the respective District Court Organisers for staging purposes.

Grasses, Clovers and other Herbage Plants will be judged on Friday, 5th April, on tables in the Agricultural Hall before staging in the Courts.

On Tuesday, 9th April, a fair sample of each exhibit of Wheat, Oats, Barley, and Rye will be extracted by the Society's Steward.

10. Each District Court must be in charge of a responsible member or nominee of the organisations exhibiting same, who will have to arrange and display the exhibit to the best advantage.

11. No exhibitor or person representing a District shall address any Judge while the latter is judging. All explanations must be supplied to the Stewards in every case. No Steward shall consult with the Judge or offer any advice or suggestion in respect to the number of points to be allotted in any case. During judging no person shall be admitted to the Courts except the Judges, Stewards, and Delegate or Delegates appointed by the District to explain any details which may be considered necessary by the Stewards.

12. The Judge shall be requested to return to the Courts the day after judging for the purpose of discussing with the District Court Officials the merits and/or demerits of the Court. In this connection suitable and definite appointments shall be made by the Steward-in-Chief and such times entered in an appointment book on the day of judging.

13. A Judge may seek from the Steward-in-Chief any ruling or interpretation of the conditions required.

14. All exhibits must be the bona fide production of the District exhibiting same. Any District committing a breach of this regulation will be liable to disqualification.

15. The Organisers MUST send plans to the Director, Royal Agricultural Society, for approval or otherwise, for any alterations or re-arrangements to the existing Courts by 1st October, 1956, otherwise the Organisers must use the stands in the Courts as used by them for the last Show. The approved alterations or re-arrangements to be carried out by the Society. EXHIBITS USED FOR DECORATIONS SHALL NOT BE TAKEN INTO CONSIDERATION BY THE JUDGES IN AWARDING SECTIONAL POINTS, BUT POINTS WILL BE ALLOTTED UNDER THE HEADING OF ATTRACTIVENESS OF GENERAL DECORATIONS. Excessive use of artificial decorative material of a non-agricultural or pastoral nature will not be taken into consideration when judging for attractiveness of general decorations.

NOTE—District Exhibit Organising Committees are advised that in addition to the provisions of Clause 15, should there be any other expense associated with construction or display work which may be borne by this Society, such must be first approved in writing by the Society before the work is executed and the expenditure is incurred.

16. For the purpose of this Competition the State of New South Wales is nominally divided into four districts. See page 10-14 for map showing District Boundaries. Exhibits from districts in other States are eligible to compete, such districts to be those recognised by the leading Society of the State represented.

BASIS AND SCALE OF POINTS FOR JUDGING.

Each District shall eliminate from the Schedule of exhibits set down in Sections 1-13, sections, sub-sections, commodities or exhibits aggregating a total points value of 650 points, all such eliminations being subject to the approval of the Society's Agriculture Section Committee. A list of the exhibits selected for elimination must be lodged with the Society not later than 15th January, 1957.

Where exhibits have been approved for elimination from commodities for judging such fact shall be indicated on the award card prior to commencement of judging.

The competition will be decided on the total points gained by the exhibits submitted for judging out of the net possible total of 10,400 less Approved Elimination 650.

Where a district submits for judging fewer than the specified number of 'exhibits' of any commodity as shown in the schedule the possible number of points shall be reduced accordingly e.g. if six exhibits be required and only five are submitted for judging, the maximum number of points which could be awarded for the commodity would be five-sixths of the specified total points. NIL will be awarded in the case of each and every exhibit not submitted for judging as required.

In each section (numbered 1 to 13) and or sub-section there is indicated the number of exhibits of each of the commodities to be submitted for judging.

Except where otherwise provided the judge for a commodity shall award points for each exhibit based on a maximum of 100 points for each exhibit.

The awards so made shall be handed by the respective Stewards to the Steward-in-Chief who will arrange for the aggregate points so allotted to be converted pro-rata to the appropriate points to two decimal places in relation to the maximum set down for the commodity in the Schedule.

In respect of any appeal or protest the matter shall be dealt with in accordance with the provisions of General Regulations Nos. 75 and 76.

A judge in any section may withhold his award until such time as he is satisfied that the exhibit is in accord with the conditions.

The Society empowers the Agriculture Section Committee to adjudicate on any matter not otherwise specifically provided for in the Regulations.

A District Court Organiser (Representative) may seek a ruling or interpretation of the conditions through the Steward from the Steward-in-Chief and shall have the right to appeal thereon to the Society's Agriculture Section Committee.

The awards will be released after the time for lodging of the protests has expired.

For the purpose of the Commonwealth District Competition the decision of the Judges will be deemed to have been made when the final points become available from the Director. Any protests must be lodged within eight hours of that time.

Manufactured by Clyde Batteries Pty. Ltd., Granville, N.S.W.

Section 10-AGRICULTURE

(CONTINUED).

SPECIAL AGRICULTURE REGULATIONS.

Exhibitors are reminded that the Society's General Regulations apply to all sections of the Show and that the Special Regulations hereunder set out which apply to this section only are merely supplementary to the General Regulations.

CEREALS—ROOTS, ETC.—HAY, GRASSES, FODDER—BEES, HONEY, AND WAX.

All produce must have been raised during the current season or during the immediately preceding season. Wheat must be the current season's.

All exhibits in this section to be the PROPERTY OF AND GROWN BY THE EXHIBITOR.

Exhibitors will be allowed ONE ENTRY only of any one variety in each Class (except where otherwise provided).

Judging to commence at 10 a.m., Thursday, 11th April.

CONSIGNMENT OF EXHIBITS.

Exhibits for individual classes must not be consigned with those for the District Exhibits.

NOVICE CLASSES.

A Novice, unless otherwise specified, shall be an exhibitor who has never won a first prize in the open classes for the same produce at any Royal Show.

Arrival and Departure of Exhibits.

Exhibitors must despatch exhibits other than Wheat to reach the Showground not later than 9 a.m. on Wednesday, 10th April. All packages must be addressed to the Director of the Royal Agricultural Society of N.S.W., and must bear the name and address of the exhibitor. Freight on exhibits sent by boat shall be borne by the exhibitor on both the forward and return journey.

Delivery of exhibits will commence at 5 p.m., Tuesday, 23rd April.

STRONG WHEATS.

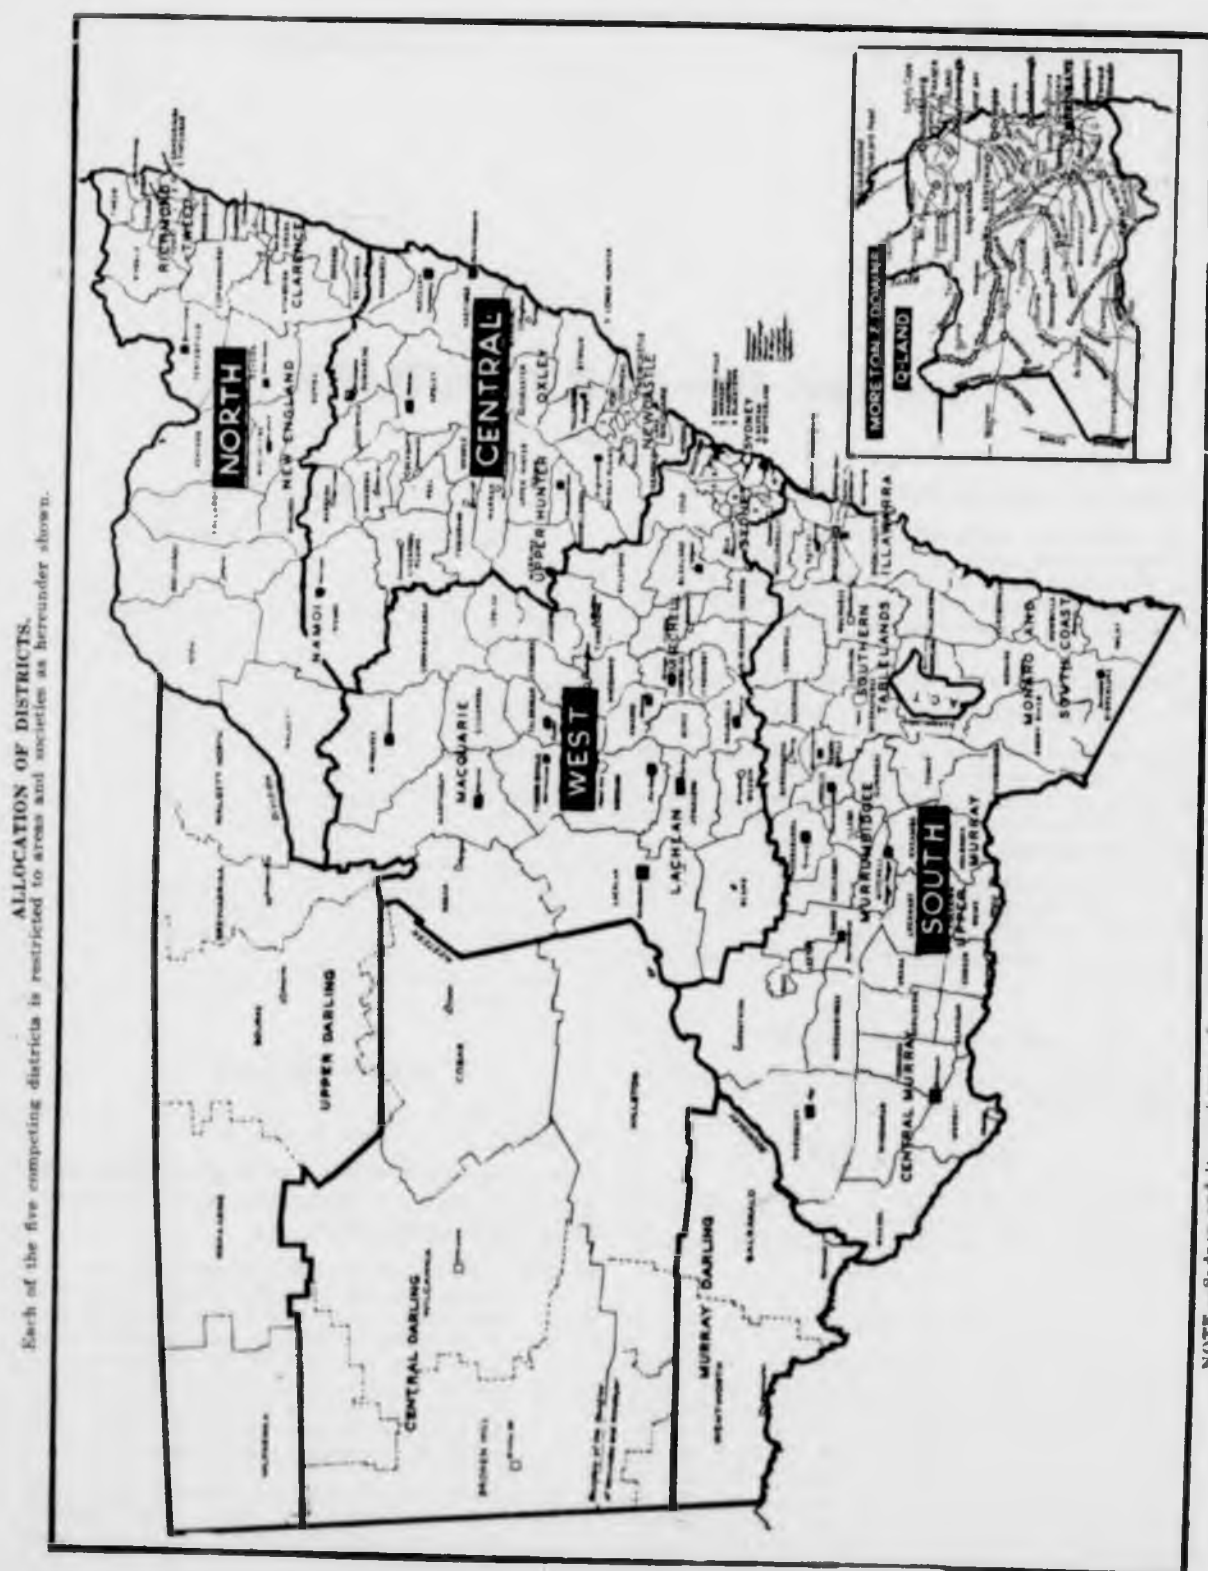

(See Page 10-23 for classification of Wheat Varieties and Recommended Areas.)

OF THE PRIZE MONEY IN WHEAT CLASSES
£200 HAS BEEN PRESENTED BY THE N.S.W.
FLOUR MILLERS' COUNCIL.

CLASS 1—Commonwealth Champion Prize—(Special)—£20; second, £5. For the best sample (60lb. but not exceeding 65lb.) of STRONG WHEAT, open to growers in any part of Australia of 100 acres for grain, and to the first prize winners in Classes 2, 3, 4, and 5. Sample submitted to be from an area of not less than fifty (50) acres (Class 3 excepted) of the variety.

1. CRAWFORD, C. Variety: Festival; grown at Edgeroi, N.S.W., on black self-mulching soil; seed per acre, 40lb.; yield per acre, 36 bushels.

A Member of The Clyde Industries Group.

ALLOCATION OF DISTRICTS.
Each of the five competing districts is restricted to areas and societies as hereunder shown.

NOTE.—Sydney and its environs—viz. within ten miles of the C.P.O.—are not to be included in any of the above Districts.

2. CROSLEY, F. Variety: Festival; grown at Edgerol, N.S.W., on black self-mulching soil; seed per acre, 40lb.; yield per acre, 24 bushels.
3. DOOLIN, R. J., and SONS. Variety: Saga; grown at North Star, N.S.W., on chocolate loam; seed per acre, 45lb.; yield per acre, 45 bushels.
4. HAYNE, V. Variety: Festival; grown at Narrabri, N.S.W., on chocolate loam; seed per acre, 45lb.; yield per acre, 24 bushels.
5. McCUTCHEON, A. H. and D. W. Variety: Charter; grown at Stoney Creek, N.S.W., on red loam; seed per acre, 43lb.; yield per acre, 20 bushels.
6. MELBOURNE, P., and H. G. HUTCHISON. Variety: Festival; grown at Bellata, N.S.W., on medium black self-mulching soil; seed per acre, 30lb.; yield per acre, 35 bushels.
7. ROSS, N. G. Variety: Festival; grown at Gunnedah, N.S.W., on chocolate soil; seed per acre, 50lb.; yield per acre, 18 bushels.
8. TOMKINS, H. N. Variety: Charter; grown at Edgerol, N.S.W., on black sandy loam; seed per acre, 36lb.; yield per acre, 35 bushels.
9. WALL, J. W. Variety: Festival; grown at Stoney Creek, N.S.W., on chocolate loam; seed per acre, 45lb.
10. WHITEMAN, F. J., and Estate of A. B. MEPPEN. Variety: Saga; grown at Narrabri, N.S.W., on medium red loam; seed per acre, 48lb.; yield per acre, 41 bushels.
11. WILSON, E. T. Variety: Festival; grown at Narrabri, N.S.W., on chocolate loam; seed per acre, 40lb.; yield per acre, 30 bushels.
12. DOOLIN, R. J., and SONS. Variety: Saga; grown at North Star, N.S.W., on chocolate loam; seed per acre, 45lb.; yield per acre, 45 bushels.
13. GRIFFIN, A. H. Variety: Festival; grown at Dubbo, N.S.W., on medium loam; seed per acre, 60lb.; yield per acre, 16 bushels.
14. HAYNE, V. Variety: Festival; grown at Narrabri, N.S.W., on chocolate loam; seed per acre, 45lb.; yield per acre, 24 bushels.
15. McCUTCHEON, A. H. and D. W. Variety: Charter; grown at Stoney Creek, N.S.W., on red loam; seed per acre, 43lb.; yield per acre, 20 bushels.
16. MELBOURNE, P., and H. G. HUTCHISON. Variety: Festival; grown at Bellata, N.S.W., on medium black self-mulching soil; seed per acre, 30lb.; yield per acre, 35 bushels.
17. PEARSON, R. Variety: Festival; grown at Bithramere, N.S.W., on black plain soil; seed per acre, 50lb.; yield per acre, 27 bushels.
18. ROSS, N. G. Variety: Festival; grown at Gunnedah, N.S.W., on chocolate soil; seed per acre, 50lb.; yield per acre, 18 bushels.
19. TOMKINS, H. N. Variety: Charter; grown at Edgerol, N.S.W., on black sandy loam; seed per acre, 36lb.; yield per acre, 35 bushels.
20. WALL, J. W. Variety: Festival; grown at Stoney Creek, N.S.W., on chocolate loam; seed per acre, 45lb.
21. WHITEMAN, F. J., and Estate of A. B. MEPPEN. Variety: Saga; grown at Narrabri, N.S.W., on medium red loam; seed per acre, 48lb.; yield per acre, 40 bushels.
22. WILSON, E. T. Variety: Festival; grown at Narrabri, N.S.W., on chocolate loam; seed per acre, 40lb.; yield per acre, 30 bushels.

CLASS 2—(Special Prizes)—First, £12; second, £8; third, £5; presented by The N.S.W. Flour Millers' Council, for the best sample (60lb. but not exceeding 65lb.) of **CAILLOUX, CHARTER, FESTIVAL, or SAGA**. Sample to be submitted from an area of not less than fifty (50) acres of the variety. Wheat to be grown in any part of New South Wales.

12. CHRISTIE BROS. Variety: Charter; grown at Boggabri, N.S.W., on black soil; seed per acre, 42lb.; yield per acre, 36 bushels.
13. CHRISTIE BROS. Variety: Saga; grown at Boggabri, N.S.W., on black soil; seed per acre, 42lb.; yield per acre, 28 bushels.
14. CRAWFORD, C. Variety: Festival; grown at Edgerol, N.S.W., on black self-mulching soil; seed per acre, 40lb.; yield per acre, 36 bushels.
15. CROSLLEY, F. Variety: Festival; grown at Edgerol, N.S.W., on black self-mulching soil; seed per acre, 40lb.; yield per acre, 24 bushels.

MEDIUM STRONG WHEATS.

CLASS 3—(Special Prizes)—First, £12; second, £8; third, £5; for the best sample (60lb. but not exceeding 65lb.) of the following promising varieties, BROUGHTON, KODA, PANTHER, or SPICA. All types distributed throughout Australia.

HOMESTEADS—

**any Plan, any Layout,
Single or Two-storey**

to your design

**Plan with
BOWAS**

for—

- ★ **Homesteads**
- ★ **Country Cottages**
- ★ **Managers' Residences**
- ★ **Overseers' Quarters**
- ★ **Shearers and Station Accommodation Buildings**

Bowas homesteads and country cottages are of good appearance and are solid, permanent structures unaffected by white ants or dry rot.

Bowas buildings are easily erected with the simplicity of timber frame construction—yet have the strength and durability of steel, due to the patented Bowas steel-wood-steel structural member of heavy gauge steel and dressed cypress.

These members are precision cut for ease of assembly by bolting—but all walls, both inside and out, flooring and roofing are nailed on as in timber frame construction.

Plan for a Bowas better-looking, sounder, easier-to-build homestead or cottage—our architects will design any plan, single or two-storey, to meet your wishes.

N.S.W. CLASSIFICATION OF WHEAT VARIETIES.

Varieties underlined are those recommended by the Standing Advisory Committee.

Any new variety may be added to the stated varieties.

*Indicates Farrer and Department of Agriculture, N.S.W. varieties.

*Indicates varieties developed at the University of Sydney.

STRONG WHITE WHEATS.

Cailloux.	Pusa 4.
*Charter.	†Saga.
*Festival.	*Yalta.
Pusa 111.	

MEDIUM STRONG WHEATS.

Bordan.	Ford.	Koda.
Broughton.	Gabo.	Panther
*Celebration.	*Gular.	Spica.
Curlew.	Kendee.	Warigo.
Dirk.	*Koala.	Wongoondi.

WEAK FLOUR WHEATS.

Bencubbin.	Pinnacle.
Glenwarl.	Quadrat.
Insignia.	*Waratah.
Nabawa.	

INTERSTATE GROWERS.

Wheat varieties submitted by Interstate growers shall be restricted to those recommended by the Department of Agriculture in their own States.

RECOMMENDED AREAS IN N.S.W.

Zone 1: Northern Tablelands.

(Tenterfield, Glen Innes, Armidale.)

Mid season Sowing—Celebration, Warigo, Ford.
Late Sowing—Gabo, Charter.

Zone 2: North-western Slopes.

(Inverell, Tamworth, Quirindi, Boggabri, Gunnedah.)

Early Sowing—Ford, Celebration.
Mid-season Sowing—Warigo.
Late Sowing—Charter, Gabo, Festival, Spica

Zone 3: North-western Plains.

(Garah, Moree, Wee Waa, Narrabri, Pilliga.)

Early Sowing—Ford, Celebration.
Mid-season Sowing—Warigo.
Late Sowing—Charter, Gabo, Festival, Spica.

Zone 4: Central Tablelands.

(Bathurst, Orange, Molong, Manildra, Blayney.)

Early Sowing—Ford, Bordan, Celebration.
Mid-season Sowing—Bencubbin, Kendee, Warigo.
Late Sowing—Koala.

Zone 5: Central-western Slopes.

(Coonabarabran, Dunedoo, Wellington, Parkes, Forbes, Grenfell, Cowra.)

Early Sowing—Ford, Bordan, Celebration.
Mid-season Sowing—Bencubbin, Kendee.
Late Sowing—Gabo, Koala.

Zone 6: Central-western Plains—Northern Portion.

(Baradine, Gilgandra, Dubbo, Narromine, Peak Hill, Trundle, Bogan Gate.)

Early Sowing—Celebration, Ford.
Mid-season Sowing—Bencubbin, Kendee.
Late Sowing—Gabo, Festival, Koala.

Zone 7: Southern Tablelands.

(Boorowa, Goulburn, Yass, A.C.T., Cooma, Tumut.)

Early Sowing—Bordan, Ford.
Mid-season Sowing—Bencubbin, Celebration.
Late Season—Gabo.

APICULTURE (BEES, HONEY, WAX, ETC.)

Judge: A. A. Clemson,
Department of
Agriculture, N.S.W.
Sydney.

Stewards:
R. B. Gulliford
D. J. Robinson
Staging Steward:
L. C. W. Smart

Regulations.

Exhibitors will be allowed three entries in each class.

All exhibits of the Products of the Apilary to be the bona fide production of the exhibitor's own apilary or apilaries. A statutory declaration to this effect to accompany entry.

All honey exhibits must be protected against bees.

No space allotted for collections to exceed 4ft. x 4ft.

Exhibitors will be allowed to remove Queens and Bees from Saturday until Monday.

Queens to be exhibited in non-reversible single frame observatory stands.

If any bees exhibited in Classes 91 to 94 be so affected by sickness, disease or other ailment as to warrant destruction or removal from the Showground as the case may be, the Society shall be entitled to have the bees destroyed and/or shall be entitled to require the owner to forthwith remove the bees from the Showground. All costs incurred by the Society in connection with such bees shall be for the account of the owner and shall be refunded by him to the Society.

(Special Prize)—£2 2s., presented by the Commercial Apiarists' Association of N.S.W., O'Brien House, 58 Young-st., Sydney, will be awarded to the exhibitor gaining the highest number of points for any one exhibit.
