MOST SUCCESSFUL EXHIBITOR PRIZES.

(Dried Milk, Cheese, and Bacon Curer.)

The most successful exhibitor prizes in this Section shall be determined as follows, viz.:—Only exhibitors with three or more exhibits shall be considered for this prize. The total number of points awarded to each exhibit by the Judge shall be divided by the total number of entries made by the exhibitor and to the result obtained shall be added the following points, viz.:—Three for each first prize, two for second, and one for third; the exhibitor gaining the highest result shall be the winner. Should two or more exhibitors gain an equal number of points, the Most Successful Exhibitor Prize will be awarded to the exhibitor gaining the greatest number of first prizes. Should the points still be equal the number of second prizes, and if necessary the number of third prizes will be taken into account in determining the prize. In the case of a maker (Dried Milk, Cheese, and/or Bacon Curer) who exhibits in the names of two or more factories, each factory will be regarded as a separate and distinct exhibitor.

CLASS 1—CONTINUOUS GRADING CLASS FOR BUTTER (LOCAL CONSUMPTION)— Special Prizes, £40, viz.: First, £20; second, £12 10s.; third, £5; fourth, £2 10s. £5 or a cup or trophy will be presented to the respective butter-makers of the factories securing the first, second, third and fourth prizes. The factories shall nominate, on the certificate of entry, the recipients (butter-makers) of the prize money, cups, or trophies.

A Bronze Medal will be awarded each factory gaining a box average of 93.5 per cent over the period of competition, provided that for any one month the average grading of the factory shall not be under choicest grade of 93 points.

CONDITIONS.

- The competition is for salted or unsalted butter sold on the local market in N.S.W.
- The Grading Period will cover seven months, viz.:—March and April, 1956, followed by the period October, 1956, to February, 1957, inclusive. From the consignments during the month of February, one box may be taken for exhibition at the Show.
- Every factory competing must grade officially at least 85 per cent of its production as choicest quality.
- The official grading by the State Officers of all the registered choicest brands of factories entered for this competition will be taken each month for the full period and results worked out by taking the actual mean average in which the number of boxes in each consignment together with the grading points, is taken into account.

5. At least four gradings must be recorded each month including at least four churnings, representing at least two vats of cream in each grading during the period of the competition. A competitor who fails to comply with this condition will automatically become ineligible for the prizes.

6. The grading points allotted by the State Graders will be taken for the full period and a box average established by dividing the total of the points allotted to each consignment by the total number of boxes graded, and the exhibits obtaining the highest box averages will be awarded the prizes.
