he is a member of an Axeman's Association recognised as such by the Society.

2. An entry will not be accepted unless accompanied by the prescribed entry fee. Should a competitor nominate for a restricted event, and be not selected for such event, the entry fee shall be refunded.
3. A competitor must, at time of nomination, furnish his last six performances in all events. Any competitor failing to comply with this rule shall be liable to any penalty the Committee may deem fit.
4. If an axeman or sawyer shall win or be awarded a ribbon in an event held after the closing date of entries, he must notify the Society and/or handicapper of such fact immediately upon arrival at the Show. A competitor who fails to comply with this Regulation shall be liable to disqualification.
5. Particulars of marks and heats will, as far as practicable, be posted on a notice board in the dressing room during the day before the event is scheduled to take place. A competitor who wins an event after the posting of marks may be re-handicapped for any subsequent event or events. The Committee reserves the right to re-handicap a competitor before or after an event has commenced.
- For Programme Arrangement purposes, Handicaps shall be those ruling at time entries close. For Relay Teams Contests, Handicaps shall be arranged on the basis of those ruling at the commencement of the Show.
- Handicapping limits:—Time: 10-inch combination chop, 20 seconds; 12-inch diameter, 20 seconds; 13-inch diameter, 25 seconds; 14-inch diameter, 27 seconds; 15-inch diameter, 30 seconds; 24-inch diameter double-handed sawing contests, 12 seconds.

## Sec. 15—WOOD-CHOPPING (Continued).

9. If a competitor shall scratch from or shall fail to compete in an event he shall not be entitled to any refund in respect of his nomination entry fee.
10. Chopping and sawing contests will be conducted or sawed in heats and a final or as determined by the Society's officials, according to the number of competitors. Semi-finalists shall be drawn in order of heats—competitors from the first, second, third and fourth heats shall be automatically placed in the first semi-final. In so far as circumstances permit a final shall not commence earlier than within one hour of the last heat or semi-final of the relevant event. The Committee shall endeavour to restrict the number of finals on any one day. In Championship events, seeded competitors shall be allocated to the respective heats.
11. A competitor shall be disqualified if he starts before the starting number marked on his log has been called by the Starter.
12. At the completion of each contest the competitors must remain at their logs until placings have been announced by the Judges.
13. A competitor who cuts through his foothold or footholds in an under-hand event will be disqualified.
14. Axes and saws must entirely sever logs in two parts.
15. Pushing or pulling the log with axe, foot, or hand will render the competitor liable to disqualification. Pushing the log with the foot includes the application of undue pressure to the loose end of the log after the last blow has been delivered by raising the foot and kicking downwards, forwards, or backwards.
16. Should a competitor wish to lodge a protest on the result of any heat, semi-final, or final of any event, he shall personally lodge such protest with the Steward-in-Chief immediately following the Judge's placing and before the competitors leave the ring.
17. Unless otherwise determined by the Committee, the first and second competitors in each heat and no other competitors in that heat shall be eligible to compete in the final.
18. Except as stated in Clause 16, and the Steward-in-Chief deciding that the placings as recorded by the judging machine, if in use, shall be accepted; the decision of the Judge(s) in each event will be final and conclusive.
19. At the conclusion of each event the Judge(s) will indicate to the Check Starter(s) the logs which are to be inspected. The Check Starter(s) will thoroughly inspect such logs to ensure that the foothold or footholds have not been cut through, that slabs (if any) have been dealt with in accordance with the rules, and that the logs have been properly severed (see Clause 28). He will then signal the Judge(s) that everything is in order, and thereupon the Judge(s) will announce his or their placings. Persons, other than officials, competitors and competitors' attendants concerned, shall not be permitted in the ring while inspections are being made by the Check Starter(s).
20. Competitors in heats must continue to chop or saw until three blocks have been severed. Any competitor failing to observe this rule may be dealt with in such manner as the Committee may see fit, unless the Judge(s) are satisfied that such competitor is suffering from exhaustion, or has broken or damaged his axe or saw or is excused for other sufficient reason.
21. Competitors in Under-Hand Events should preferably ensure that their logs are set up to enable the competitors to finish the contest facing the Judge(s).
22. In Sawing Competitions all saw cuts to be started as close as possible to the front end of the log and which shall be not more than 4 inches in from the edge of the top side.
23. In Single-Handed Sawing Events the free end of the saw must be free of handle and/or any weighting device.
24. A competitor shall not be allowed to make any mark with axe or saw on his log before his starting time is called, provided that in an under-hand event the competitor may make a foothold. Violation of the rule shall render the competitor liable to disqualification and/or suspension.
25. A competitor shall not trim his log or hit it with the head of an axe, or cut it in any way. In tree-felling events, trimming of the sapwood or deeper is prohibited unless for special reasons and then only after permission is first obtained from the Steward-in-Chief. Fragments of bark may be removed. The cutting of practice footholds in trees erected for competition is prohibited. In Butchers' Block Events the splitting off of top or bottom scarf wood is prohibited. In chopping and sawing events all logs will be trimmed to size prior to the scheduled time for the particular event. After the "draw" has been made "freshening" will not be permitted.
26. Logs may be washed only with water. No other preparation shall be used.
27. Every competitor shall cut or saw the block drawn for him and only that block. A competitor who changes or attempts to change the block allotted to him may be disqualified or otherwise dealt with as the Committee may deem fit.
28. In all wood-chopping contests any competitor slabbing his block will be disqualified and shall forfeit his right to all prize money, if any, won by him in such event, except that he shall not be disqualified for slabbing provided he severs the slabbed piece without assistance from any other person. A slab is defined as that portion of the log which is dislodged as a result of a "run" to saw-cut or foothold and should exceed 1/2 inch in its greatest dimension at the foothold or saw-cut end.
29. The only persons authorised to be in the arena during the rigging of blocks are competitors who are entered to compete in the event, and the axemen appointed as deputies for the event, Stewards and other Officials.
30. No persons other than a competitor, wedger, or official shall enter or be within the ring during

The contest to be completed by each contestant within two minutes. The check starter is not permitted to inspect logs before the full time allowance for each chop has expired. During the chop the time-keeper may call the elapsed time at 15 second intervals. Standard axes are to be used in this event and are not to exceed 6½ lb. overall weight and 6½ inches cutting edge. A competitor shall be restricted to one chop. Rule 28 shall apply in the event of a competitor slabbing his log. A block shall not be trimmed until the day on which it is to be chopped. You'll cut more timber

BLUE STREAK

ONEMAN Chain Saw

You'll cut more timber because the "Blue Streak" is lighter, faster, and it's a mighty worker that never gets tired.

The "Blue Streak" with the amazingly efficient "chisel" chain has been proved by experienced chain saw operators to be the best tooth formation ever devised for felling ripping and cross-cutting new timber... and it is VERY EASY to sharpen on the cutter bar. So get your "Blue Streak" now — and it will soon pay for itself in highly profitable extra output... in fencing operations... in fact any application where MORE timber needs to be cut FASTER!

2-MAN MODEL

puts up amazing records!

One operator in the Belthorpe area in 5th Queensland reports 12,284 super feet in four hours 10 minutes; 60,000 in 5 days. When you get this kind of performance, can you afford to be in the industry and not own one? Look at these features. High tensile steel cutter bar; chisel type alloy steel chain; 8 position swivel; automatic rewind starter; and powerful two stroke "Multiport" high torque engine.
